Staff's Recommendation

Staff recommends modifying the Industrial zoning request to include restrictions to the more intensive and undesirable uses allowed by right in the Industrial zoning district.

- Such restrictions would require a Planned Development with a base zoning of Industrial that allows for industrial uses in accordance with the zoning code by right - while prohibiting the following uses from operating at the subject site.
 - Asphalt/concrete batching
 - Auto salvage yards
 - Petroleum or gas well
 - Petroleum storage/collection
 - Railroad freight terminal
 - Railroad passenger terminal
 - Railroad team track
 - Railroad track or right-of-way
 - Sand/gravel/topsoil extraction storage
 - Sexually oriented businesses (SOB's)
