This site is designated in the Comprehensive Plan as Neighborhoods.

This land use category is intended for predominantly traditional single-family residential developments, but does allow for a mix of densities, lot sizes, housing stock, and styles as appropriate. Neighborhoods should have increased pedestrian connectivity that includes sidewalks, trails, and greenbelts.

Retail and commercial uses in the area should be located along larger thoroughfares and should be developed in harmony with the residential character

Staff supports a Planned Development zoning for a business park and medical/retail center in this area based on proximity to the Chisholm Trail Parkway.

Engineering:

Prior to development of the site, formal site plan submittal and engineering reviews will be required.

OPTIONS:

- 1) Approve an ordinance for the zoning change request subject to annexation; or
- 2) Deny the ordinance for the zoning change request

RECOMMENDATION:

Approve an ordinance for a zoning change request from defaulted "A", Agriculture, to "PD" Planned Development District; subject to City Council approval of annexation request (Case 21-127).

Fiscal IMPACT:

None.
