Why the master plan update?

- With the updated standards agencies are required to have a master plan that has been updated within the past 10 years.
- Plans are required to be adopted and include your mission, vision and strategic plan
- Our current master plan that was adopted in 2019 does not include the required statements or plan to be compliant with the standard
- The updated master plan is currently finalizing public input and will be ready to be adopted late winter/early spring 2025
- This plan will provide guidance into multiple other required standards such as:
 - 1.1 Mission, Vision, Values
 - 1.2 Strategic Plan
 - 1.3 Community Involvement in Agency Strategic Planning
 - 1.4 Personnel Involvement in Agency Strategic Planning
 - 3.1 Community and Park Planning Strategy
 - 6.3 Recreation Program Plan
 - 7.7 Natural Resource Management
 - 10.1 Community Needs Assessment and Trends Analysis

Standard 3.3: Parks and Recreation System Master Plan

Description

The agency shall adopt and periodically review and update a Parks and Recreation System Master Plan in alignment with its Mission, Vision and Strategic Plan that creates a basis for strategic investment in assets, property, facilities, and improvements.

Suggested Evidence of Compliance

Provide the plan which shall include an analysis of current conditions through community needs assessment, community inventory, level of service analysis, and current trends. As appropriate, the plan shall incorporate historical and/or cultural aspects of the community. Evidence of review and update within the last 10 years is required. The narrative shall describe how plan findings and recommendations are tied to Mission, Vision and Strategic Plan objectives to formulate a progression strategy from existing conditions to desired conditions. Additionally, the agency shall describe input/feedback efforts used that reach and/or include members of the community, users and non-users, to attempt to achieve statistically valid results that can be applied community wide. This may include how collected community input was used to inform planning objectives.
