Each phase of the construction of the Sewer Improvements shall be treated as individual projects as it relates to payments.

Ten percent (10%) retainage will be held from all payments and returned at Substantial Completion of each phase of the sewer as specified in Section 8.6(a) of this Agreement.

(d) **Competitive Bidding.** All contracts for construction of the Sewer Improvements shall be competitively bid according to state law.

8.8 **Future Lift Station.** The future lift station, depicted on **Exhibit F**, will not be constructed concurrently with the other Sewer Improvements, and will serve the entire basin, including only a portion of Chisholm Summit. Provided the future lift station is constructed prior to December 31, 2025 and provided funds are available, the City agrees to participate in the cost of the future lift station by contributing up to fifty percent (50%) of the total cost, based on a calculation of how much of the lift station's capacity is needed to serve Chisholm Summit. The City will pay for the pro rata cost allocated to areas outside of Chisholm Summit capped at fifty percent (50%) of the total cost of the future lift station. By way of example, if the cost of the future lift station is one million dollars and 40% of the capacity is attributable to Chisholm Summit, the City would pay \$500,000. If 70% of the capacity is attributable to Chisholm Summit, the City will pay \$300,000.

ARTICLE 9. **PARKLAND IMPROVEMENTS**

9.1 **Dedication.** The Developer proposes to dedicate 102 acres of parkland according to the Preliminary Park and Trails Plan attached as **Exhibit D** to this Agreement. In no instance shall the parkland dedication be less than 90 acres. All parkland dedication shall be made at the time of final platting of each phase and shall be conveyed to the City free and clear of all liens, encumbrances, assessments, and restrictions other than as provided in this Agreement. All public parkland needs to be so indicated on the plat. Any areas that will be private common space need to be delineated clearly on the plat.

9.2 **Park and Trail Plan.** The Preliminary Park and Trails Plan is a conceptual rendering of locations of a community park, and equestrian center, trails, and thirteen (13) neighborhood parks. These locations are conceptual, but in no case shall fewer park locations, area dedicated, or miles of trails be provided. A detailed Final Parks and Trails Plan shall be included with each Approved Plat for each phase, subject to approval by the City Council. The Final Parks and Trails Plan shall be in full conformance with the Development Standards attached as **Exhibit C** and shall be subject to approval by the City Council. Although the Final Parks and Trails Plan is submitted in conjunction with the plat, approval by the City Council is not ministerial, and when approved shall be considered an amendment to this Agreement.

9.3 **Construction of Parkland Improvements.** The Developer shall construct the Parkland Improvements in full compliance with the Final Parks and Trails Plan. The Developer shall complete construction of the Parkland Improvements by final acceptance of the Roadway Improvements, and Sewer Improvements of each phase. Parkland Infrastructure fees shall be waived for parks constructed by the Developer.

9.3 **Maintenance of Parks and Trails.** The Public Improvement District created pursuant to Section 10 below will fund park maintenance.

ARTICLE 10. **PUBLIC IMPROVEMENT DISTRICT**

10.1 **Creation.** Within 180 days after the Effective Date, the City and the Developer shall cooperate to establish a Public Improvement District (PID) pursuant to Chapter 272 of the Texas Local Government Code.

10.2 **Purpose.** The primary purpose of the PID will be to reimburse Developer for capital expenditures to construct parks and trails and to provide maintenance for Chisholm Summit parks and trails dedicated to the public.

ARTICLE 11. **DEDICATION FOR PUBLIC SAFETY**

Developer agrees to dedicate at least three (3) acres on the Property to the City for a public safety facility to be constructed by the City, and for other municipal purposes. The Parties will mutually agree on the location of the dedicated land which shall be conveyed no later than thirty-six (36) months after the Effective Date of this Agreement.

ARTICLE 12. **DEFAULT AND REMEDIES**

12.1 In the event: (i) the Developer or the Current Owners fail to comply with the terms of this Agreement; (ii) the Developer or the Current Owners have delinquent ad valorem or sales taxes owed to the City (provided that the Developer or the Current Owners retain the right to timely and properly protest and/or contest any such taxes); (iii) upon the

occurrence of any Event of Bankruptcy or Insolvency by the Developer or the Current Owners prior to substantially completion of the Public Improvements; or (iv) the Developer the Current Owners materially breach any of the material terms and conditions of this Agreement, then the Developer the Current Owners, after the expiration of the notice and cure periods described herein, shall be in default of this Agreement. In the event of such a default, City shall give the Developer or the Current Owners (and its assignees) written notice of such breach and/or default, and if the Developer or the Current Owners have not cured such breach or default within thirty (30) days after receipt of such notice, the City may terminate this Agreement by written notice to the Developer the Current Owners, and the City shall have no further obligation to the Developer the Current Owners.

12.2 If a default shall occur and continue, after thirty (30) days written notice to cure the default, the Party not in default shall have the right to exercise any and all rights available to such Party at law or in equity, including the right to seek equitable relief such as injunction or mandamus as to which the non-defaulting Party may be entitled.

12.3 No waiver or any breach of any term or condition of this Agreement shall be construed to waive any subsequent breach of the same or any other term or condition of this Agreement. Any waiver of any term or condition of this Agreement must be in writing and approved by the City Council of Burleson.

ARTICLE 13. **DEBT ISSUANCE**

The BEDC commits to issue debt to fund the Roadway Improvements and the City may deem it appropriate to fund the Sewer Improvements with debt issuance. Their obligation to fund the Reimbursement is contingent upon required state approval of the issuance. In the event debt is not approved, the Developer or the City may terminate this Agreement.

ARTICLE 14. **REGULATIONS REGARDING BUILDING PRODUCTS, MATERIALS, OR METHODS**

The parties hereto find that the area described herein constitutes an area of architectural importance and significance and the City Council of the City of Burleson, Texas, hereby designates it as an area of architectural importance and significance for purposes of Chapter 3000 of the Texas Government Code (the "Code"). In consideration for the mutual covenants and conditions contained herein and pursuant to Section 3000.002(d) of the Code, Developer voluntarily consents to the application of all City rules, charter provisions, ordinances, orders, building codes, and other regulations existing as of the Effective Date hereof that govern the use or installation of a building product or material in the construction, renovation, maintenance, or other alteration of a residential or commercial building on the Property regardless of whether a different building product or material is approved for use by a national model code published within the last three code cycles that applies to the construction, renovation, maintenance, or other alteration of the building. In addition, Developer voluntarily consents to the

application of the Regulations that establish a standard for a building product, material, or aesthetic method in construction, renovation, maintenance, or other alteration of a residential or commercial building, regardless of whether the standard is more stringent than a standard for the product, material, or aesthetic method under a national model code published within the last three code cycles that applies to the construction, renovation, maintenance, or other alteration of the building. The parties agree that: 1) the City will not issue any permits for the Property in violation of this Article; 2) the covenants contained within this Article constitute a material term of this Agreement; 3) Developer's voluntary consent to the application of the Regulations to the Property, as described in this Article, constitutes a material inducement for the City to authorize the Incentives described herein; 4) the covenants contained herein shall run with the land and shall bind Developer and all successors and assigns; and 5) this Article shall survive termination or expiration of this Agreement.

ARTICLE 15.
AUTHORITY; COMPLIANCE WITH LAW

15.01 Developer hereby represents and warrants to the City that it has full lawful right, power and authority to execute and deliver and perform the terms and obligations of this Agreement and that the execution and delivery of this Agreement has been duly authorized by all necessary action by Developer and this Agreement constitutes the legal, valid and binding obligation of Developer, and is enforceable in accordance with its terms and provisions.

15.02 Notwithstanding any other provision of this Agreement, Developer shall comply with all federal, state, and local laws.

15.03 During the term of this Agreement, Developer agrees not to knowingly employ any undocumented workers at the Development, and if convicted of a violation under 8 U.S.C. Section 1324a(f), Developer shall repay the amount of the Incentives received by Developer as of the date of such violation within 120 business days after the date Developer is notified by the City of such violation, plus interest at the rate Burleson is paying on the most recent issuance of bonded indebtedness prior to Developer's violation of this Article.

15.04 Developer shall remain current on all ad valorem taxes owed by him to the City and other taxing jurisdictions subject to his right to protest under the Tax Code.

ARTICLE 16.
RIGHT OF OFFSET

Developer agrees that, subject to the provision of Notice by City and 90-day period following receipt of Notice in which Developer may respond or act, City may offset the amount of any compensation due to Developer for any calendar year under this Agreement against unpaid Impositions any amount which is: (i) lawfully due to City from

Developer, and (ii) not subject to challenge by Developer in a court of competent jurisdiction by Developer.

ARTICLE 17.
VENUE AND GOVERNING LAW

This Agreement is performable in Johnson County, Texas and venue of any action arising out of this Agreement shall be exclusively in Johnson County, Texas. This Agreement shall be governed and construed in accordance with the Charter, ordinances, and resolutions of the City of Burleson, applicable federal and state laws, violation of which shall constitute a default of this Agreement. To the extent permitted by law, the laws of the State of Texas shall apply without regard to applicable principles of conflicts of law, and the parties submit to the jurisdiction of the state and federal courts in Burleson, Johnson County, Texas.

ARTICLE 18.
FORCE MAJEURE

Performance of Developer's obligations under this Agreement shall be subject to extension due to delay by reason of events of force majeure, and Developer's obligations shall be abated during any period of force majeure. Force majeure shall include, without limitation, damage or destruction by fire or other casualty, condemnation, strike, lockout, civil disorder, war, issuance of any permit and/or legal authorization (including engineering approvals by any governmental entity), governmental approvals and permits, shortage or delay in shipment of materials or fuel occasioned by any event referenced herein, acts of God, unusually adverse weather or wet soil conditions or other causes beyond the parties' reasonable control, including but not limited to, any court or judgment resulting from any litigation affecting the Property or this Agreement.

ARTICLE 19.
GIFT TO PUBLIC SERVANT OR TO DEVELOPER REPRESENTATIVE

16.01 No Benefit. Each party hereto represents to the other that it has not offered, conferred, or agreed to confer and that it will not offer, confer or agree to confer in the future any benefit upon an employee or official of the other party. For purposes of this section, "benefit" means anything reasonably regarded as economic advantage, including benefit to any other person in whose welfare the beneficiary is interested, but does not include a contribution or expenditure made and reported in accordance with law.

16.02 Right of Reimbursement. Notwithstanding any other legal remedies, City may obtain reimbursement for any expenditure made to Developer as a result of the improper offer, agreement to confer, or conferring of a benefit to a City employee or official.

ARTICLE 20.
ASSIGNMENT

Developer may not assign any part of this Agreement without consent or approval by the City Council, except to End Users, which are defined as purchasers of the individual platted lots.

ARTICLE 21.
INDEMNIFICATION

DEVELOPER EXPRESSLY AGREES TO FULLY AND COMPLETELY DEFEND, INDEMNIFY, AND HOLD HARMLESS THE CITY, AND ITS OFFICERS, AND EMPLOYEES, AGAINST ANY AND ALL CLAIMS, LAWSUITS, LIABILITIES, JUDGMENTS, COSTS, AND EXPENSES FOR PERSONAL INJURY (INCLUDING DEATH), PROPERTY DAMAGE OR OTHER HARM, DAMAGES OR LIABILITY FOR WHICH RECOVERY OF DAMAGES IS SOUGHT, SUFFERED BY ANY PERSON OR PERSONS, THAT MAY ARISE OUT OF OR BE OCCASIONED BY ANY NEGLIGENT, GROSSLY NEGLIGENT, WRONGFUL, OR STRICTLY LIABLE ACT OR OMISSION OF Developer OR ITS AGENTS, EMPLOYEES, OR CONTRACTORS, ARISING OUT IN THE PERFORMANCE OF THIS CONTRACT. Nothing in this paragraph may be construed as waiving any governmental immunity available to the City under state law. This provision is solely for the benefit of Developer and the City and is not intended to create or grant any rights, contractual or otherwise, in or to any other person.

ARTICLE 22.
NO JOINT VENTURE

It is acknowledged and agreed by the Parties that the terms hereof are not intended to and shall not be deemed to create a partnership or joint venture among the parties. The City (including its past, present and future officers, elected officials, directors, employees and agents of the City) does not assume any responsibility to any third party in connection with Developer's construction of Chisholm Summit.

ARTICLE 23.
RECORDATION AND APPLICABILITY TO PROPERTY

Pursuant to the requirements of Section 212.172(c) of the Local Government Code, the Current Owners shall record this Agreement, and all amendments to this Agreement, in the real property records of Johnson County, Texas, and shall provide a file-marked copy of the recorded Agreement to the City within ten (10) days after its execution. This Agreement shall be binding upon the City, the BEDC, the Current Owners, any lender that has become an assignee, and any other assignee, and their respective successors and assigns. The Parties agree that this Agreement benefits and burdens the Property and touches and concerns the Property. The rights and obligations under this Agreement are intended to be covenants running with the Property. Notwithstanding the foregoing, this Agreement is not binding upon, and shall not constitute any encumbrance to title as to any End User except for land use and development regulations including building material requirements that apply to the lot in question.

ARTICLE 24.
CHANGES IN STATE OR FEDERAL LAWS

If any state or federal law changes so as to make it impossible for a Party to perform its obligations under this Agreement, the Parties will cooperate to amend this Agreement in such a manner that is most consistent with the original intent of this Agreement as legally possible.

ARTICLE 25.
ADDITIONAL DOCUMENTS AND ACTS

The Parties agree that at any time after execution of this Agreement, they will, upon request of the other Party, execute and/or exchange any other documents necessary to effectuate the terms of this Agreement and perform any further acts or things as the other Party may reasonably request to effectuate the terms of this Agreement. The City Council authorizes the City Manager or his designee to execute these documents.

ARTICLE 26.
INTERPRETATION

The Parties acknowledge that each Party and, if it so chooses, its counsel have reviewed and revised this Agreement and that the normal rule of construction to the effect that any ambiguities are to be resolved against the drafting party shall not be employed in the interpretation of this Agreement or any amendments or exhibits hereto. As used in this Agreement, the term "including" means "including without limitation" and the term "days" means calendar days, not business days. Wherever required by the context, the singular shall include the plural, and the plural shall include the singular. Each defined term herein may be used in its singular or plural form whether or not so defined.

ARTICLE 27.
AUTHORITY TO EXECUTE

The City and the BEDC warrant that this Agreement has been approved by the City Council and the BEDC in accordance with all applicable public meeting and public notice requirements (including, but not limited to, notices required by the Texas Open Meetings Act) and that the individual executing this Agreement on behalf of the City has been authorized to do so. The Current Owners warrant that the execution of this Agreement is duly authorized in conformity with the articles of incorporation, bylaws, partnership agreement or other applicable organizational documents of Developer and that the individual executing this Agreement on behalf of Developer has been authorized to do so. Each assignee or lender who becomes a Party to this Agreement represents and warrants that this Agreement has been approved by appropriate action of such assignee or lender and that the individual executing this Agreement on behalf of such assignee or lender has been authorized to do so.

ARTICLE 28.
TAKINGS IMPACT ASSESSMENT

Current Owners expressly and unconditionally waives and releases the City from any obligation to perform a takings impact assessment under the Texas Private Real Property Rights Preservation Act, Texas Government Code Chapter 2007, as it may apply to this Agreement or the Project.

ARTICLE 29.
DETERMINATION OF ROUGH PROPORTIONALITY

As additional consideration for the Reimbursement received by Developer under this Agreement, Developer hereby agrees to donate the land necessary to construct the Public Improvements to the City and Developer further agrees that such land is roughly proportional to the need for such land and Developer hereby waives any claim therefor that it may have. Developer further acknowledges and agrees that all prerequisites to such a determination of rough proportionality have been met, and that any costs incurred relative to said donation are related both in nature and extent to the impact of the Private Improvements. Owner waives and releases all claims against the City related to any and all rough proportionality and individual determination requirements mandated by Subchapter Z of Chapter 212, Texas Local Government Code, as well as other requirements of a nexus between development conditions and the projected impact of the Improvements.

ARTICLE 30.

DEVELOPMENT STANDARDS**

SECTION 1: GENERAL

On July 6, 2020, the City adopted Guidelines and Criteria for City Participation or Incentives for Master Planned Communities. The Developer has submitted an application for Chisholm Summit in accordance with the Guidelines. The application was submitted in the form of a presentation and is included in this agreement as Attachment 1. The inclusion of the application provides additional visual context for the development and its themes and standards. The standards below are intended to reflect the standards included in the application and provide additional detail.

A Planned Development (PD) Zoning Ordinance will be developed for Chisholm Summit, subject to City Council approval. The standards below are intended to be the base of the PD Ordinance and will be enhanced and refined with the PD Ordinance.

Public parkland associated with the development will be constructed and maintained through a Public Improvement District (PID). Private common space and certain amenity centers (specifically the Community Building and Equestrian Center) will be maintained by a required Homeowners Association (HOA).

The terms and phrases used herein shall have the same definitions and meanings as provided in the Chapter 380 and Economic Development and Performance Agreement between the City of Burleson, the Burleson 4A Economic Development Corporation, R.A. Development, Ltd., Burleson Development, Inc., B & G South Metro, LP, Rocky Bransom, Rocky and Angela Bransom, Alta Burl, LP, Janice Yvonne Jackson, and the Jackson Family Trust (the "Agreement").

SECTION 2: ORDINANCE APPLICABILITY AND GOVERNING REGULATIONS

All City ordinances are applicable to this project unless otherwise specified in the Development Agreement or Planned Development Ordinance. This includes, but is not limited to, the Governing Regulations set forth in the Agreement, which are:

- (i) the Preliminary Concept Plan, which Preliminary Concept Plan is considered to be a development plan as provided for in Section 212.172 of the Texas Local Government Code;
- (ii) the Final Concept Plan approved as part of the planned development zoning for each phase;
- (iii) the Development Standards;
- (iv) the Subdivision and Development Ordinance and Design Standards Manual;
- (v) the Building Codes;
- (vi) the Approved Plats; and
- (vii) all state and federal statutes, rules, regulations, as amended, and other political subdivisions and governmental entities, if any, having jurisdiction over the Property and all applicable ordinances, rules, and regulations as amended by the city.

All state and federal regulations will apply. Developer and City agree to consider application of updated City ordinances with updates to Planned Development Ordinances.

In the event a provision is not specified in this Agreement or the Planned Development Ordinance the City's ordinances apply. In the event of a conflict between this Agreement or the Planned Development Ordinance and the City's ordinances, this Agreement or the Planned Development Ordinance apply. In the event of a conflict between this Agreement and the Planned Development Ordinance, the Planned Development Ordinance will apply.

SECTION 3: PROCESS

1. The development will follow all standard City processes for platting, zoning, and plan review.
2. In addition to platting and zoning, the Developer will create phased development plans consistent with the Preliminary Concept Plan included on pages 7-8 of Attachment 1 and Exhibit B of the Agreement for staff, Planning and Zoning Commission and City Council review. The development plans will be comprised of multiple phases (known as "Development Sections") as depicted on Exhibit G of the Agreement and will be the basis for preliminary plats. The development plan for each Development Section is expected to communicate high-level items that can provide some context for upcoming zoning and plat requests. Each development plan must be approved by City Council prior to submission of the preliminary plat and shall include the following:
 - (i) Land uses
 - (ii) Unit Count/Lot Mix – both for the current development plan and cumulative of prior development plans

The development plan included with this Agreement provides a general mix of lots and the Developer has provided percentages related to the differing residential uses. It is understood that the flexibility in the percentages is necessary since this development will occur over a period of years and market conditions and the needs of the community will change. The following table provides a summary of the densities in the current plan and allowable percentages ranges of various product types. These percentages are based on dwelling units and not land area.

Lot Type	Minimum Lot Frontage	Minimum Lot Size	Minimum Home Size	Planned Units	Planned Percentage	Allowable Percentage Range	Notes

Should the dedication proposed fall below 90 acres, the Agreement shall be amended.

4. The development plan will include parkland dedication amounts, which shall be a minimum cumulative rate of 1.5 times the City's current required dedication on a per phase basis (i.e. 200 residential units equals three acres of parkland dedication). Prior developed phases may be included in this cumulative count. Trails are included in the parkland dedication amount.

10. The Preliminary Concept Plan on pages 7-8 of Attachment 1 and Exhibit B of the Agreement shows conceptual locations of 13 planned park areas, which includes a Community Park and an Equestrian Center. These locations are conceptual, but in no case shall fewer park locations be provided. The City shall evaluate the placement and necessity of one of the planned park areas located and identified in Summit Office Park and may elect not to construct this park.
 - (i) A concept plan for the Community Park on of page 14 of Attachment 1. The community park shall be a minimum of 10 acres. The Community Park shall generally conform to the Community Park concept on of page 14 of Attachment 1.

- Community Park shall include the Community Building that follows the description in these standards.
- At least one of the Neighborhood Parks will include a community pool of approximately 5,000 square feet. The neighborhood park with the pool will be easily accessible by pedestrians and vehicles. The specific pool size will be identified with the development plan for the section it is in. The pool amenity may be split between parks and may also include alternate water amenities/features.
- With each development plan, a summary of parkland dedication per phase and a cumulative total of prior parkland dedication must be provided
- The Preliminary Concept Plan shows a number of amenities. These are conceptual in nature. A more detailed description of the planned amenities shall be submitted with the development plan for that Development Section. A formal plan shall be submitted with the construction plans for the surrounding infrastructure in that phase. It is anticipated that the final plans will deviate from the concept plan, but the number and nature of the amenities will need to be comparable.
- The community park will also contain the Community Building. The Community Building will be private and will not be included in the PID funding unless an agreement is otherwise reached with the City for the access, operation, maintenance and/or funding of the facility.  - Two of the neighborhood parks may have a reduction in the number of amenities in favor of high quality passive park space.
- (iv) The Equestrian Center will be added to the development as an amenity for horse owners, enthusiasts and hobby riders. It is comprised of two separate buildings:
- Horse Facility - The existing horse facility is located at the eastern property shown on the Land Use Plan along County Road 1016. The facility is approximately 30,000 square feet, open-air and under-roof

and contains stalls and horse training equipment. The concept of the facility would be to make it available for private rental for those in Chisholm Summit interested in owning a horse. The HOA would manage the rentals as well as any community or public events to utilize the facility. Additional barns exist near the Facility that may be included in the programming as well.

- Visitor Center / Offices – The existing 3,000 square foot house southwest of the main facility may be converted to a facility for professional operations related to the Facility. The HOA would manage the building.
- (v) The Equestrian Center and associated improvements are intended to be private and maintained by the HOA. The Developer will consider partnerships with the City for public events and programs.

SECTION 8: LANDSCAPING

1. A general landscaping plan will be required with the development plan for each Development Section, with call-outs and descriptions for specific landscape components throughout the Section. Care shall be taken to ensure adequate roadway and intersection sight visibility.
2. A detailed landscape plan will be required for the construction of each phase within the Development Section showing the landscape elements along the public roadways, parks and trails.
3. Street trees will be utilized primarily as an addition to the median rather than behind sidewalks. Major collectors and arterials will be required to have street trees, as well as those streets which function as minor collectors inside the development, connecting multiple neighborhood sections.
4. Landscaping will be required where ornamental metal fence is present adjacent to a major collector, minor arterial or major arterial. Landscaping along roadway-adjacent ornamental fencing shall be placed such that it provides opaque screening for the adjacent homes. This landscaping will be designed with the roadway plans for the adjacent roadway. Factors for consideration in design are housing type, location of parks, location of trails, location of street calming measures, specific theme in the neighborhood section, specific theme for neighborhood parks, etc.
5. All common landscaping shall be installed prior to final acceptance of the public infrastructure for each phase.

SECTION 9: ENHANCED WALLS AND FENCING

1. Fencing standards will vary based on the location of the property in the development and shall generally adhere to the following:
 - (i) Properties with a rear yard adjacent to both Lakewood Drive (existing County Road 914 and its extension) and the existing east/west thoroughfare (existing County Road 1016 and its extension) will have a combination of ornamental metal fence and masonry screening wall of at least six (6) feet. The general mix of metal fence and masonry wall is between 40% and 60% for each. Screening will be provided with landscaping to follow the approval process described in the above section. Additionally, no residential lots shall have direct access to these roads. Fencing/screening shall be designed with the roadway plans for the adjacent roadway.
 - (ii) Fencing will not be added in front of the Townhomes along the road leading to the Community Park.
 - (iii) Where fencing is installed abutting open space areas, the fencing must be ornamental metal fence of at least six (6) feet.
 - (iv) Care shall be taken to ensure adequate roadway and intersection sight visibility.
 - (v) Where fencing is installed for the Community Building, the fencing must be ornamental metal fence of at least (6) feet.
 - (vi) Fencing located on typical rear yards or between residential lots may be decorative metal or board-on-board with cap and shall meet the City's fencing and screening ordinance. The PD Ordinance for each development section will define specific fencing requirements.
 - (vii) Any transitional fencing must meet City's fencing and screening ordinance.
 - (viii) Undeveloped land fencing abutting major roadways will be pipe rail fence with linseed oil treatment similar to that shown near the Chisholm Summit Equestrian Center on page 31 of Attachment 1.
 - (ix) Where additional fencing is installed for the Equestrian Center, the fencing may be pipe rail fence with linseed oil treatment.
2. Fencing exhibit must be provided with the Planned Development ordinance.

SECTION 10: BUFFERS

1. Buffers will be provided through adherence to the landscaping and fencing standards in the above sections.

SECTION 11: STREET LAYOUT

1. The Preliminary Concept Plan is intended to provide areas of general land use. Except for roadways shown on Exhibit E of the Agreement, the roadways shown in these areas are conceptual only.
2. Roadways shall meet the following general design guidelines:
 - (i) Lakewood Blvd.
 - Minimum 4 lanes
 - minimum 120 foot ROW
 - Trail component
 - landscaped parkways and/or medians
 - (ii) Final roadway sections shall be determined with either the development sections or the roadway plans, whichever comes first.
 - (iii) All other roadways shall be designed in accordance with the city's updated Master Thoroughfare Plan to be adopted 2021.
3. Design shall incorporate methods to ensure that speeding and excessive cut through traffic is avoided. The following are examples of methods to be considered:
 - (i) Integrated traffic calming methods, such as traffic circles, chicanes, bump outs with landscaping or other methods
 - (ii) Neotraditional development with narrow streets, street trees, reduced front yard setbacks
 - (iii) Cul de sacs
 - (iv) Short block lengths
 - (v) Curvilinear methods, if necessary
4. Alleys – This development proposes use of alleys to serve the townhomes and patio homes. Alley design must be carefully coordinated with the Fire Department for fire safety considerations and the Public Works Department for solid waste service considerations. Alleys shall be constructed per the design standards to be included in the Planned Development ordinance. A design for both one-way and two-way alleys should be shown to allow for the use of each where appropriate.

SECTION 12: TRAILS

1. Primary trail locations are shown on Exhibit D of the Agreement. The trail locations shall generally conform to the trail park location concept on Exhibit D. Primary trails shall be 10 feet wide and constructed to City standards. Trails will be lighted wherever possible. Additional benches and trash receptacles will be added

where a long distance exists between trail park nodes. Trail design may be modified based on mutually agreeable circumstances which may include but are not limited to pipeline location, tree preservation, accessibility, slope requirements, etc.

2. Secondary trails are not identified on the land use plan but may be established with individual phases. Secondary trails shall be a minimum of 5 feet wide and constructed to City standards
3. Equestrian trails will be specifically designed in the development plan for the Development Section including the equestrian center. Trails will be guided by a national standard such as the *Equestrian Design Guidebook* published by the U.S. Forest Service and the Federal Highway Administration. Trail type may vary based on the existing terrain and intended user experience. Trail design options may include:
 - (i) 6-foot trail comprised of two 3-foot tread areas
 - (ii) 4-foot trail comprised of two 2-foot tread areas
 - (iii) Material of native soil with no road base plus wood chip in low drainage areas
 - (iv) Material of native soil with mixed-in crushed rock aggregate where needed
 - (v) Avoid hardened and smooth trail surfaces such as concrete, soil cement, asphalt, and non-permeable soil stabilizers.
4. Trail park nodes. Conceptual trail park nodes are shown on page 16 of Attachment 1. The trail park nodes shall generally conform to the trail park nodes concept on of page 16 of Attachment 1. These are conceptual and will be specifically identified with each phase. Each park node shall include a seating area or picnic area and shall have at least one of the following amenities.
 - (i) Bocce Ball
 - (ii) Bag Toss
 - (iii) Horseshoes
 - (iv) Shuffleboard
 - (v) Chess/Checkers Tables
 - (vi) Fitness Stations
 - (vii) Art Installments
 - (viii) Science/Engineering Installments

A lighting plan for the trail park nodes will be established with the PD. Where reasonable, trail park nodes will also include a watering station.

5. Trails shall be coordinated with the most recent adopted bike and trail plan.

SECTION 13: LIGHTING

1. Lighting will be provided by United Cooperative Services, the electric provider that holds jurisdiction in this area.
2. Developer will require a lighting type that best matches the theme based on the available options provided by United Cooperative Services.
3. A lighting plan will be submitted with each phase and will include an example of the lighting type to ensure consistency with prior phases and adherence to the theme.

SECTION 14: SIGNS

1. Community signs will be utilized as a method of both wayfinding and branding throughout the development. Sign locations are shown throughout the conceptual plans included as exhibits to these standards. The sign design shall be included as part of the development plan for the first Development Section. Specific sign rules and regulations will be included in the Planned Development ordinance.
2. Entry signage for the main entry points in the Chisholm Summit development must generally match the theme as described in Section 4 and as illustrated in Attachment 1.
3. Wayfinding signage may be included throughout the community and used along the arterial roads, collector roads, and points of intersection to denote entries into individual neighborhoods.

SECTION 15: MULTI-FAMILY/SENIOR LIVING

1. Architectural features shall reflect the theme of the development.
2. The Multi-family portion shall meet the City's design standards for Multi-family, Article VIII of Appendix C (Urban Design Standards) at the time of this agreement adoption. Additional multi-family standards will be included with the Planned Development ordinance at the time of its adoption.
3. The area designated for Multifamily / Senior Living will be established with at least 25% focused on the "senior living" component, promoting a district in that serves the full life-cycle of a community.
4. The public trail in this area should be sufficiently connected to the buildings and with a design that is conducive to the senior population.

SECTION 16: COMMERCIAL ELEMENTS

The Preliminary Concept Plan envisions a centrally-located commercial node that would be a focal point for the Chisholm Summit community, connected in a way that allows for pedestrian and vehicular movement to and from the commercial and retail operations, and has a unique sense of place that complements the community.

1. Uses for the commercial area will be established with the Planned Development ordinance as this phase is developed. Generally, the uses will be Neighborhood Service to light General Retail, providing opportunities for shops and stores while limiting the uses found in a broader commercial category.
2. Architectural standards, signage, and any amenities will be aligned with the theme of the community. Branding of Chisholm Summit will be present throughout the commercial node.
3. Developer will evaluate a form-based code for inclusion in the Planned Development ordinance to place a focus on the building design.

SECTION 18: NEIGHBORHOOD ACTIVITIES

1. Organized community activities shall be provided on a quarterly basis. The HOA will coordinate the activities, either under its own direction or through partnerships with local organizations like non-profit groups, volunteer organizations or community interest groups.

2. Community activities should enhance the living experience of the Chisholm Summit residents and be seen as a component of the active neighborhood atmosphere seen in master-planned communities.
3. Public amenities and park spaces should be utilized for activities like holiday light competitions, concerts, holiday parties, group horse rides, egg hunts, lawn game competitions, fun runs, etc.
4. Public activities should be actively promoted by the HOA or associated groups. A community website or social media accounts should be developed, maintained and regularly updated to establish community connections.

In addition to platting and zoning, the Developer will create phased development plans consistent with the Preliminary Concept Plan included on pages 7-8 of Attachment 1 and Exhibit B of the Agreement for staff, Planning and Zoning Commission and City Council review. The development plans will be comprised of multiple phases (known as "Development Sections") as depicted on Exhibit G of the Agreement and will be the basis for preliminary plats. The development plan for each Development Section is expected to communicate high-level items that can provide some context for upcoming zoning and plat requests. Each development plan must be approved by City Council prior to submission of the preliminary plat and shall include the following:
 - (i) Land uses
 - (ii) Unit Count/Lot Mix – both for the current development plan and cumulative of prior development plans

 - (iii) “Family” focused around keyword concepts like “together”, “community”, “neighbors”, “generational”, and “care”

SECTION 5: LOT STANDARDS

1. This development is intended to provide a variety of lot and home sizes and types to serve a diverse community. The development plan included with this Agreement provides a general mix of lots and the Developer has provided percentages related to the differing residential uses. It is understood that the flexibility in the percentages is necessary since this development will occur over a period of years and market conditions and the needs of the community will change. The following table provides a summary of the densities in the current plan and allowable percentages ranges of various product types. These percentages are based on dwelling units and not land area.

Lot Type	Minimum Lot Frontage	Minimum Lot Size	Minimum Home Size	Planned Units	Planned Percentage	Allowable Percentage Range	Notes
Townhomes	25'	2500	1000	184	2.54%	0 – 5%	
40' Residential (Patio)	40'	4000	1200	389	8.61%	0 - 15%	These categories describe the predominant use of the mixed residential lot types. The total of these categories may not exceed 60%.

SECTION 7: OPEN SPACE/PARKS

1. An overall plan with a description and distance of each open space and parks improvement is provided on pages 14-17 of Attachment 1 and Exhibit D of the Agreement.
2. A detailed park and trails plan will be required as part of the development plan for each Development Section. The exhibit shall show each home to be within 3,000 feet of a neighborhood or community park.
3. Per the City's Subdivision and Development Ordinance, parkland shall be dedicated at one acre per 100 residential units. Should the dedication proposed fall below 90 acres, the Agreement shall be amended.

4. The development plan will include parkland dedication amounts, which shall be a minimum cumulative rate of 1.5 times the City's current required dedication on a per phase basis (i.e. 200 residential units equals three acres of parkland dedication). Prior developed phases may be included in this cumulative count. Trails are included in the parkland dedication amount.

10. The Preliminary Concept Plan on pages 7-8 of Attachment 1 and Exhibit B of the Agreement shows conceptual locations of 13 planned park areas, which includes a Community Park and an Equestrian Center. These locations are conceptual, but in no case shall fewer park locations be provided. The City shall evaluate the placement and necessity of one of the planned park areas located and identified in Summit Office Park and may elect not to construct this park.

- Community Park shall include the Community Building that follows the description in these standards.
- At least one of the Neighborhood Parks will include a community pool of approximately 5,000 square feet. The neighborhood park with the pool will be easily accessible by pedestrians and vehicles. The specific pool size will be identified with the development plan for the section it is in. The pool amenity may be split between parks and may also include alternate water amenities/features.
- With each development plan, a summary of parkland dedication per phase and a cumulative total of prior parkland dedication must be provided
- The Preliminary Concept Plan shows a number of amenities. These are conceptual in nature. A more detailed description of the planned amenities shall be submitted with the development plan for that Development Section. A formal plan shall be submitted with the construction plans for the surrounding infrastructure in that phase. It is anticipated that the final plans will deviate from the concept plan, but the number and nature of the amenities will need to be comparable.

- (iv) The Equestrian Center will be added to the development as an amenity for horse owners, enthusiasts and hobby riders. It is comprised of two separate buildings:
- Horse Facility - The existing horse facility is located at the eastern property shown on the Land Use Plan along County Road 1016. The facility is approximately 30,000 square feet, open-air and under-roof

and contains stalls and horse training equipment. The concept of the facility would be to make it available for private rental for those in Chisholm Summit interested in owning a horse. The HOA would manage the rentals as well as any community or public events to utilize the facility. Additional barns exist near the Facility that may be included in the programming as well.

- Visitor Center / Offices – The existing 3,000 square foot house southwest of the main facility may be converted to a facility for professional operations related to the Facility. The HOA would manage the building.
- (v) The Equestrian Center and associated improvements are intended to be private and maintained by the HOA. The Developer will consider partnerships with the City for public events and programs.

SECTION 8: LANDSCAPING

1. A general landscaping plan will be required with the development plan for each Development Section, with call-outs and descriptions for specific landscape components throughout the Section. Care shall be taken to ensure adequate roadway and intersection sight visibility.
2. A detailed landscape plan will be required for the construction of each phase within the Development Section showing the landscape elements along the public roadways, parks and trails.
3. Street trees will be utilized primarily as an addition to the median rather than behind sidewalks. Major collectors and arterials will be required to have street trees, as well as those streets which function as minor collectors inside the development, connecting multiple neighborhood sections.
4. Landscaping will be required where ornamental metal fence is present adjacent to a major collector, minor arterial or major arterial. Landscaping along roadway-adjacent ornamental fencing shall be placed such that it provides opaque screening for the adjacent homes. This landscaping will be designed with the roadway plans for the adjacent roadway. Factors for consideration in design are housing type, location of parks, location of trails, location of street calming measures, specific theme in the neighborhood section, specific theme for neighborhood parks, etc.
5. All common landscaping shall be installed prior to final acceptance of the public infrastructure for each phase.

SECTION 9: ENHANCED WALLS AND FENCING

1. Fencing standards will vary based on the location of the property in the development and shall generally adhere to the following:
 - (i) Properties with a rear yard adjacent to both Lakewood Drive (existing County Road 914 and its extension) and the existing east/west thoroughfare (existing County Road 1016 and its extension) will have a combination of ornamental metal fence and masonry screening wall of at least six (6) feet. The general mix of metal fence and masonry wall is between 40% and 60% for each. Screening will be provided with landscaping to follow the approval process described in the above section. Additionally, no residential lots shall have direct access to these roads. Fencing/screening shall be designed with the roadway plans for the adjacent roadway.
 - (ii) Fencing will not be added in front of the Townhomes along the road leading to the Community Park.
 - (iii) Where fencing is installed abutting open space areas, the fencing must be ornamental metal fence of at least six (6) feet.
 - (iv) Care shall be taken to ensure adequate roadway and intersection sight visibility.
 - (v) Where fencing is installed for the Community Building, the fencing must be ornamental metal fence of at least (6) feet.
 - (vi) Fencing located on typical rear yards or between residential lots may be decorative metal or board-on-board with cap and shall meet the City's fencing and screening ordinance. The PD Ordinance for each development section will define specific fencing requirements.
 - (vii) Any transitional fencing must meet City's fencing and screening ordinance.
 - (viii) Undeveloped land fencing abutting major roadways will be pipe rail fence with linseed oil treatment similar to that shown near the Chisholm Summit Equestrian Center on page 31 of Attachment I.
 - (ix) Where additional fencing is installed for the Equestrian Center, the fencing may be pipe rail fence with linseed oil treatment.
2. Fencing exhibit must be provided with the Planned Development ordinance.

SECTION 10: BUFFERS

1. Buffers will be provided through adherence to the landscaping and fencing standards in the above sections.

SECTION 11: STREET LAYOUT

1. The Preliminary Concept Plan is intended to provide areas of general land use. Except for roadways shown on Exhibit E of the Agreement, the roadways shown in these areas are conceptual only.
2. Roadways shall meet the following general design guidelines:
 - (i) Lakewood Blvd.
 - Minimum 4 lanes
 - minimum 120 foot ROW
 - Trail component
 - landscaped parkways and/or medians
 - (ii) Final roadway sections shall be determined with either the development sections or the roadway plans, whichever comes first.
 - (iii) All other roadways shall be designed in accordance with the city's updated Master Thoroughfare Plan to be adopted 2021.
3. Design shall incorporate methods to ensure that speeding and excessive cut through traffic is avoided. The following are examples of methods to be considered:
 - (i) Integrated traffic calming methods, such as traffic circles, chicanes, bump outs with landscaping or other methods
 - (ii) Neotraditional development with narrow streets, street trees, reduced front yard setbacks
 - (iii) Cul de sacs
 - (iv) Short block lengths
 - (v) Curvilinear methods, if necessary
4. Alleys – This development proposes use of alleys to serve the townhomes and patio homes. Alley design must be carefully coordinated with the Fire Department for fire safety considerations and the Public Works Department for solid waste service considerations. Alleys shall be constructed per the design standards to be included in the Planned Development ordinance. A design for both one-way and two-way alleys should be shown to allow for the use of each where appropriate.

SECTION 12: TRAILS

1. Primary trail locations are shown on Exhibit D of the Agreement. The trail locations shall generally conform to the trail park location concept on Exhibit D. Primary trails shall be 10 feet wide and constructed to City standards. Trails will be lighted wherever possible. Additional benches and trash receptacles will be added

where a long distance exists between trail park nodes. Trail design may be modified based on mutually agreeable circumstances which may include but are not limited to pipeline location, tree preservation, accessibility, slope requirements, etc.

2. Secondary trails are not identified on the land use plan but may be established with individual phases. Secondary trails shall be a minimum of 5 feet wide and constructed to City standards
3. Equestrian trails will be specifically designed in the development plan for the Development Section including the equestrian center. Trails will be guided by a national standard such as the *Equestrian Design Guidebook* published by the U.S. Forest Service and the Federal Highway Administration. Trail type may vary based on the existing terrain and intended user experience. Trail design options may include:
 - (i) 6-foot trail comprised of two 3-foot tread areas
 - (ii) 4-foot trail comprised of two 2-foot tread areas
 - (iii) Material of native soil with no road base plus wood chip in low drainage areas
 - (iv) Material of native soil with mixed-in crushed rock aggregate where needed
 - (v) Avoid hardened and smooth trail surfaces such as concrete, soil cement, asphalt, and non-permeable soil stabilizers.
4. Trail park nodes. Conceptual trail park nodes are shown on page 16 of Attachment 1. The trail park nodes shall generally conform to the trail park nodes concept on of page 16 of Attachment 1. These are conceptual and will be specifically identified with each phase. Each park node shall include a seating area or picnic area and shall have at least one of the following amenities.
 - (i) Bocce Ball
 - (ii) Bag Toss
 - (iii) Horseshoes
 - (iv) Shuffleboard
 - (v) Chess/Checkers Tables
 - (vi) Fitness Stations
 - (vii) Art Installments
 - (viii) Science/Engineering Installments

A lighting plan for the trail park nodes will be established with the PD. Where reasonable, trail park nodes will also include a watering station.

5. Trails shall be coordinated with the most recent adopted bike and trail plan.

SECTION 13: LIGHTING

1. Lighting will be provided by United Cooperative Services, the electric provider that holds jurisdiction in this area.
2. Developer will require a lighting type that best matches the theme based on the available options provided by United Cooperative Services.
3. A lighting plan will be submitted with each phase and will include an example of the lighting type to ensure consistency with prior phases and adherence to the theme.

SECTION 14: SIGNS

1. Community signs will be utilized as a method of both wayfinding and branding throughout the development. Sign locations are shown throughout the conceptual plans included as exhibits to these standards. The sign design shall be included as part of the development plan for the first Development Section. Specific sign rules and regulations will be included in the Planned Development ordinance.
2. Entry signage for the main entry points in the Chisholm Summit development must generally match the theme as described in Section 4 and as illustrated in Attachment 1.
3. Wayfinding signage may be included throughout the community and used along the arterial roads, collector roads, and points of intersection to denote entries into individual neighborhoods.
4. All signs will be illuminated. Entry and wayfinding signage will resemble each other in such a way to identify both with the Chisholm Summit development.

SECTION 15: MULTI-FAMILY/SENIOR LIVING

1. Architectural features shall reflect the theme of the development.
2. The Multi-family portion shall meet the City's design standards for Multi-family. Article VIII of Appendix C (Urban Design Standards) at the time of this agreement adoption. Additional multi-family standards will be included with the Planned Development ordinance at the time of its adoption.
3. The area designated for Multifamily / Senior Living will be established with at least 25% focused on the "senior living" component, promoting a district in that serves the full life-cycle of a community.
4. The public trail in this area should be sufficiently connected to the buildings and with a design that is conducive to the senior population.

SECTION 16: COMMERCIAL ELEMENTS

The Preliminary Concept Plan envisions a centrally-located commercial node that would be a focal point for the Chisholm Summit community, connected in a way that allows for pedestrian and vehicular movement to and from the commercial and retail operations, and has a unique sense of place that complements the community.

1. Uses for the commercial area will be established with the Planned Development ordinance as this phase is developed. Generally, the uses will be Neighborhood Service to light General Retail, providing opportunities for shops and stores while limiting the uses found in a broader commercial category.
2. Architectural standards, signage, and any amenities will be aligned with the theme of the community. Branding of Chisholm Summit will be present throughout the commercial node.
3. Developer will evaluate a form-based code for inclusion in the Planned Development ordinance to place a focus on the building design.

SECTION 17: COMMUNITY BUILDING(S)

1. A main Community Building will be located in the Community Park. Refer to Exhibit D of the Agreement for additional information and a general depiction of the conceptual layout and design. This Community Building will include at a minimum:
 - (i) Party rooms for HOA-member use
 - (ii) Covered patio
 - (iii) Fire pits
 - (iv) Outdoor kitchen
 - (v) Restrooms
 - (vi) HOA office
 - (vii) Pedestrian connections to Community Park amenities
 - (viii) Dedicated parking for building use
 - (ix) Strand light plaza
2. The building space will be privately-owned and maintained by the HOA.
3. A separate community building will be considered for a neighborhood park in the area shown on the Land Use Plan as Multifamily / Senior Living.

SECTION 18: NEIGHBORHOOD ACTIVITIES

1. Organized community activities shall be provided on a quarterly basis. The HOA will coordinate the activities, either under its own direction or through partnerships with local organizations like non-profit groups, volunteer organizations or community interest groups.

2. Community activities should enhance the living experience of the Chisholm Summit residents and be seen as a component of the active neighborhood atmosphere seen in master-planned communities.
3. Public amenities and park spaces should be utilized for activities like holiday light competitions, concerts, holiday parties, group horse rides, egg hunts, lawn game competitions, fun runs, etc.
4. Public activities should be actively promoted by the HOA or associated groups. A community website or social media accounts should be developed, maintained and regularly updated to establish community connections.

 - The sewer line planned from South Burleson down CR 914 will be critical for service

PARTICIPATION REQUESTED

- The "Burleson West" area encompasses over 1600 acres of future growth for the City
- Sewer expansion is necessary to take full advantage of the City's claim on the CTP
- Future growth for Burleson will depend on a sufficiently-funded sewer program
- Participation is requested to construct:
 - Downstream sewer lines
 - "Burleson West" lift stations and force main lines

PARTICIPATION REQUESTED

- Major park improvements will distinguish Burleson above its neighbors
- The scale of improvements as required for a master-plan community is over and above the standard subdivision
- Developer will seek a Public Improvement District to assist with the construction and maintenance/operation of the amenities, parks, trails, etc.

CLOSING
