These standards apply to the current and all future phases of the Chisholm Summit development; however as future developments are annexed into the City of Burleson; staff and the Developer understand that changes may be evaluated and recommended.

5. The developers and land owners of the area comprising Chisholm Summit executed a Chapter 380 Development Agreement approved by City Council on June 7, 2021, which is recorded as CSO #1775-06-2021 (referred to herein as the “Development Agreement” or the “Agreement” and attached as Ordinance Exhibit “D”). Any concept plans included with these development regulations does not supersede the engineering design requirements contained with the City’s Code of Ordinances unless otherwise explicitly stated herein or a waiver has been granted by City Council
2. All state and federal regulations will apply. Consideration will be made for the application of updated City ordinances with updates to Planned Development Ordinances.
3. In the event a provision is not specified in the Agreement or this Planned Development Ordinance the City’s ordinances apply. 1. The Development will follow all standard City processes for platting, zoning, and plan review.
2. In addition to platting and zoning, the Developer will create phased development plans consistent with the Preliminary Concept Plan included in the Agreement for Planning and Zoning Commission and City Council review. The Development Plan(s) will be comprised of multiple phases (known as “Development Sections”) and will be the basis for preliminary plats. The development plan for each Development Section is expected to communicate high-level items that can provide some context for upcoming zoning and plat requests.
3. Maintenance of Facilities. The Developer shall show evidence, with the filing of the final plat, that a homeowners’ association has been established and assigned the responsibility of the improvement and maintenance of all common areas and/or common facilities contained within the area of the development plan that is being platted.
