Credit Card Processing Fees - Overview

Initial Evaluation

- There are 14 city departments and divisions across the organization that utilize credit card transactions for payment purposes.
- Historically, based on council direction, the city has absorbed these fees and not passed them on to citizens and customers.
- Due to the city's significant growth and the fragmented nature of vendors and fees, the escalating cost of credit card fees is becoming increasingly problematic.
- The project's goal is to centralize and streamline these fees across all departments and explore potential solutions to reduce or eliminate these costs while maintaining exceptional service for citizens and customers.

Credit Card Processing Fees - Breakdown

City	CC Convenience Fee	Cost per Transaction
Burleson	No	-
Cedar Hill	No	-
Cleburne	Yes	\$1.50
Coppell	No	-
Fort Worth	No	-
Hurst	No	-
Keller	No	-
Mansfield	No	-
North Richland Hills	No	-
The Colony	Yes	\$1.25

Key Takeaways (internal)

- If other cities are not charging a convenience fee, are they covering with price? Or truly supplementing?
- Each fee would need to be assessed based on service and cost to cover with price increase.

Note: These cities not charging a credit card convenience (cc) fee are absorbing credit card processing fees. The cities charging a cc fee are using this to recovery their costs.

Next Steps

Committee Discussion and Options

- Continue to supplement credit card fees as a service to citizens (no change).
- Add overarching credit card convenience charge to fee schedule and process on all transactions across the organization (cost recovery fee).
 - Full evaluation of charges across each credit card touch point and assess fee to cover cost.
- Charge a lower credit card convenience charge to “share” the cost with the customer (flat fee).
 - Example, Utility Payments averages 110,000 transactions annually.
 - A \$1.10 transaction fee would recover \$120,108 (half of FY 2023 spend).
- Pass the credit card fees directly to the customer (pass-through)
 - Full evaluation of merchant services and credit card touch point to assess pass-through rates.

Note: Based on feedback, staff would evaluate and implement changes necessary to ordinances, fees and/or contracts.
