RECOMMENDATION:

Staff recommends approval as presented.

PRIOR ACTION/INPUT (Council, Boards, Citizens):

On May 1, 2023, the City Council received a report and presentation to consider a contract with Siddons Martin Emergency Group to purchase two Pierce Custom Velocity (Pump Under Chassis) engines and the necessary critical equipment required to operate the apparatus. Council approved the request.

On November 6, 2024, the Public Safety Committee received a report and presentation providing a first-year overview of the ambulance operations. This included a proposal to purchase for a contract with Southern Emergency & Rescue Vehicle Sales for the purchase of two Ford F550 Horton 603 Type I Ambulances to provide the fourth front line unit and one reserve unit. The proposal included communication and operations equipment for each unit.

On February 3, 2025, the City Council received a report and presentation to consider a contract with Southern Emergency & Rescue Vehicle Sales for the purchase of two Ford 550 Horton 603 Type I Ambulances and the necessary critical equipment required to operate the apparatus. Council approved the request.
