(Staff Contact: Emilio Sanchez, Deputy Director)

STRATEGIC PRIORITY AND GOAL(S):

Strategic Priority	Strategic Goal
 Dynamic & Preferred City Through Managed Growth	2.2 Promote sustainable residential and commercial development through strategic and long-term planning

SUMMARY:

On April 13, 2026, an application was submitted by Justin Bond with RA Development on behalf of David Shanks (MCP18, LLC), Burleson Development Inc. and Burleson 4A Corporation for the rezoning of approximately 32.297 acres of land for future multi-family residential development.

DEVELOPMENT OVERVIEW:

Prior to any development of the site, platting and a site plan will be required. If the zoning change request is approved, all development will have to conform to the requirements and land uses of the MF2, Multiple-family dwelling district. Primary uses allowed in MF2 include; colleges, public community centers, multiple-family residential, municipal buildings, parks, religious institutions, and schools. The maximum density in the MF2 district is 24 dwelling units per acre with a height not to exceed three stories. Landscaping and overall design of the site would be in compliance with Appendix C, Article VIII; Multi-Family Design Standards.

Zoning and Land Use Table

	Zoning	Use
Subject Site	Burleson ETJ	Predominantly Undeveloped
North	Burleson ETJ	Predominantly Undeveloped
East	PD, Planned Development	Chisholm Summit
South	PD, Planned Development	Hooper Business Park
West	PD, Planned Development	Hooper Business Park

This site is designated in the Comprehensive Plan as Neighborhoods

This category is predominantly residential with traditional development patterns but should allow for a mix of densities, lot sizes, housing types, and styles.

Staff has determined that the requested zoning district aligns with the Comprehensive Plan and development patterns anticipated in this area. Development of multifamily adjacent to the Hooper Business Park provides housing options to achieve the economic goals of the Business Park.

Engineering civil construction reviews and platting will be required prior to the development of the site.

RECOMMENDATION:

Recommend approval to City Council for an ordinance for the rezoning request.
