groundwork

DEVELOPMENT AGREEMENT

- Developer is requesting approval of a Development Agreement.
- Development Agreement would trigger the following actions:
 - City will accept Developer's petition consenting to creation of the MMD.
 - City will accept Developer's request to extend City's ETJ to incorporate full project site.
 - City may enter into a Strategic Partnership Agreement (SPA), which will allow for future limited purpose and full purpose annexation(s).
 - City will undertake effort to amend its interlocal agreement (ILA) with Johnson County to allow for exclusive subdivision plat authority.

DEVELOPMENT AGREEMENT

- Project will receive water from Johnson County Special Utility District (JCSUD).
- Developer would like the property included within City's sewer certificate of convenience and necessity (CCN) and extension wastewater services to the development site.
- City will review and approve wastewater plans.
- Drainage improvements shall be designed to comply with city regulations.
- Public roads will be owned and maintained by the MMD.
- City may work with the developer for options to provide some city services for a fee.

RECOMMENDATION

- Staff recommends City Council approve the Development Agreement.
