STRATEGIC PRIORITY AND GOAL(S):

Strategic Priority	Strategic Goal
 Dynamic & Preferred City Through Managed Growth	2.2 Promote sustainable residential and commercial development through strategic and long-term planning

SUMMARY:

On April 27, 2026, an application was submitted by Cody Johnson representing Johnson Volk Consulting on behalf of Justin Bond with R.A. Development, for a site plan, for the Chisholm Summit Community Park on approximately 15.02 acres.

The Community Park is a required amenity to the Chisholm Summit Master Planned Community as part of the approved Chapter 380 Development Agreement and the Planned Development zoning attached as Exhibit 4(CSO#1775-06-2021) & Exhibit 5 (CSO#5464-0524).

The applicant met with City of Burleson Parks Department to go over the number of required amenities vs the proposed amenities within the Community Park. The pond amenity accounts for approximately 3 acres of the total 15-acre park and once removed for calculation purposes, the numbers in the table below represent the agreed upon quantities with the Parks

Department. As a result of those meetings, the quantities differ from the required ordinance, and the Commercial Site Plan needs to go through the variance/waiver process.
