Royer & Schutts, Inc. TERMS AND CONDITIONS OF SALE**Changes and Cancellation**

Any requests for changes in quantity or specification are subject to Royer & Schutts Commercial Interiors approval. Orders regularly entered cannot be cancelled except upon terms that will compensate against loss.

Delivery and Installation

The following conditions shall apply:

1. Delivery and installation by our personnel shall be made during normal working hours of 8:00 a.m. to 4:00 p.m. Monday through Friday.

2. Overtime □ An additional charge shall be made for delivery and/or installation made beyond normal working hours, and such additional charge shall be paid by buyer.

3. Condition of Job Site □ The job site shall be clean, clear and free of debris prior to delivery and/or installation.

4. Job Site Services □ Adequate electric current, heat, hoisting and/or elevator service shall be furnished without charge to Seller.

Adequate facilities for off-loading, staging, moving, and handling of merchandise shall be provided. In the event of any such inadequacies, or if it becomes necessary for Seller to clean or prepare the site for installation, or move equipment, etc., Buyer will be invoiced for all costs incurred by Seller.

5. Job Site shall be made available to Seller on scheduled date so that no delays take place.

6. Storage Space □ Provided the merchandise does not arrive at the site earlier than the date requested and agreed upon between Buyer and Seller, safe and adequate storage space will be provided by the Buyer. If Buyer is unable to do so, Seller shall provide such storage space; however, Buyer will be responsible for any additional costs incurred by Seller, including but not limited to costs of handling and storage.

7. Damage □ After arrival at the site, any loss or damage by weather, other trades such as painting or plastering, theft, fire, or other elements shall be the responsibility of the Buyer, and the Buyer agrees to hold the Seller harmless for loss for such reasons.

8. Insurance □ Public Liability, Workman's Compensation, Property Damage, Automotive, and Occupational Disease Insurance are carried by Seller, and certificates will be delivered upon request to the Buyer. Fire, tornado, flood and other insurance at the site will be self insured or provided and paid for by the Buyer.

9. Erection and Assembly □ Seller's ability to erect or assemble furniture knocked down or to permanently attach, fix, or bolt into place new furniture is dependent on jurisdictional agreements. If trade regulations enforced at the time of installation require the use of tradesmen at the site other than the Seller's installation personnel, resulting additional costs will be paid by Buyer.

10. Force Majeure □ Seller shall not be liable for delays caused by Accidents, Strikes, Riots, Shortages of Labor or Materials, Car Shortages, events interfering with, or blocking the usual routes of Transportation or other events beyond Seller's Control and Seller shall incur no Liability as a consequence thereof. Estimates of Delivery are quoted accordingly and are always approximate.

Warranty

All furniture is warranted by the Manufacturer and Seller to be free from defects in materials or workmanship, for the period of time stated in the Manufacturer's standard warranty policy. Service required other than for defects in materials or workmanship shall be chargeable to Buyer.

Delays

In the event that construction delays or other causes not within Seller's control force postponement of the installation, the furnishings will be stored until installation can be resumed and will be considered accepted by the Buyer for purposes of payment. In such event, the Buyer shall reserve the right to withhold ten percent (10%) of the invoice amount of such shipments against the completion of the contract. Transfer, storage, and additional placement charges incurred shall be paid by the Buyer. Buyer shall also be responsible for all charges arising from delays of installation once it has started. This shall include, but not be limited to, delays due to owner's orders, owner's work stoppages, or any other cause attributed to owner.

Title and Payment

Acceptance of delivery constitutes acceptance of the merchandise as delivered. Merchandise will be invoiced upon delivery. Title to subject merchandise will pass from the Seller to the Buyer, when the purchase price is paid in full. Notwithstanding, however, the Buyer assumes the burden of risk and loss from the date of delivery to the Buyer of said merchandise. The Buyer agrees to pay each invoice within 30 days of the invoice date. Should installation not be completed within thirty (30) days after delivery, buyer shall reserve the right to withhold ten percent (10%) of the invoice amount, until installation is completed. No payment shall be withheld on any invoice because of partial delivery of the entire order or merchandise on that invoice. Seller reserves the right at its option to charge, and Buyer agrees to pay, a financial charge of one and one half percent (1½%) per month (an annual rate of 18%) on all overdue payments, and reasonable collection costs, including attorney's fees, necessary to collect payment for items invoiced.

Prices Quoted

All prices for in-stock merchandise are firm and not subject to increase, unless delivery is made more than 90 days after the date of this agreement. Non-stock merchandise prices are subject to factory confirmation, and any price increases imposed upon the Seller will be passed on to the Buyer at a percentage increase equal to the factory increase to Seller. Carpets and drapes that are priced from blueprints and/or plans are subject to change when field measured. Unless otherwise specified, price quotes include normal installation. Conditions not apparent to Seller, and/or those not brought to the attention of Seller by Buyer, at time quotation is made, will result in additional installation charges to Buyer.

Specifications and CAD Drawings

Where specifications and CAD drawings have been provided, we have based our quotation upon the quantities shown in the specifications. In case of any conflict between the quantities on the specifications and the quantities on the CAD drawing, the quantities on the specifications shall govern, and Seller assumes no responsibility for any differences. Any subsequent changes to the specifications or CAD drawings provided and/or plans agreed upon between Buyer and Seller may result in additional charges, which the Buyer hereby agrees to pay.

Clerical Errors

Stenographic and clerical errors are subject to correction.
