

Stop Data 2024

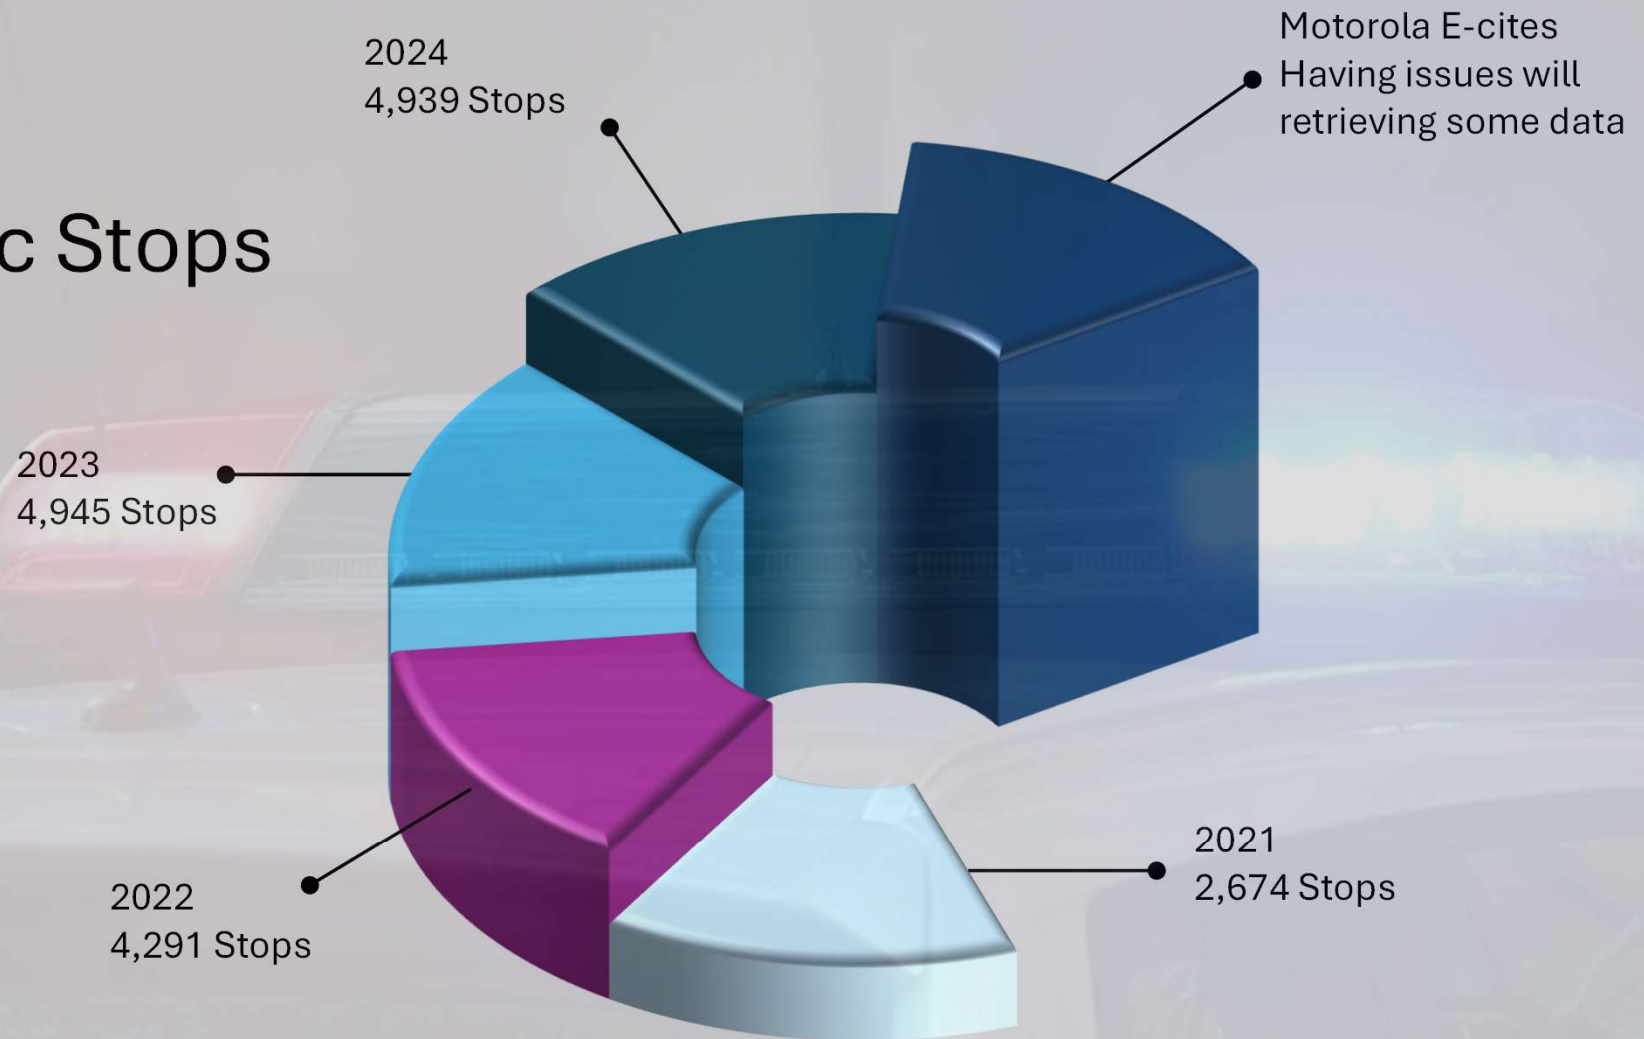

Background

The background of the slide is a blurred photograph of a police car at night. The car is positioned on the left side of the frame, facing right. Its headlights and emergency lights are on, creating a bright glow. The background is dark, with some distant lights visible, suggesting a street scene at night.

- Texas CCP Article 2.132
 - Requires all law enforcement to collect specific data on traffic stops
 - Includes a requirement that we have a policy prohibiting racial profiling
 - Requires presentation of the data to the local governing body
 - Requires the agency to evaluate the data

Traffic Stops

- 3,740 stops conducted were on white drivers
- 75.5% of all stops
- Burnet population is 74% white
- 202 searches were conducted
- Approximately 4.1% of stops concluded with a search
- This is more than double the searches we conducted in the previous year
- 2 single purpose K-9's could attribute to the increase and a focus on their utilization
- 863 stops conducted were on Hispanic drivers
- 17.5% of all stops
- Burnet population is 18% Hispanic
- 37 searches were conducted totaling 18.3%
- Approximately 4.3% of stops concluded with a search

Report data

- Switched from Brazos to E-citation in mid-August
- Difficulty in obtaining data
- Data they have provided appears to be accurate however it is difficult to discern some of the fields
- Working with both Motorola and TCOLE on the issue
- Any variance appears to be statically insignificant and there has been no issues that appeared in our analysis
