

Item Brief

Meeting Date

November 12, 2024

Agenda Item

Discuss and consider action: Approval of an agreement with CNC Pro AV for the purchase and installation of a comprehensive audiovisual solution for the new City Hall complex: D. Vaughn

Information

Staff is seeking approval for the purchase and installation of advanced audiovisual (AV) equipment to outfit the new City Hall, enhancing functionality in the Council chambers, conference rooms, and all offices. CNC Pro AV, a reputable AV provider, has submitted a comprehensive proposal covering equipment and installation, tailored to meet the City's requirements for accessibility, modern communication, and operational efficiency (See Exhibit A).

This solution will support seamless communication during council meetings, public hearings, and community presentations. It includes high-definition displays, ceiling microphones, an audio amplification system, and integrated network solutions to ensure quality streaming, recording, and engagement capabilities for residents and stakeholders, even those unable to attend in person.

Fiscal Impact

The total cost of all AV equipment, including installation is Two hundred thirteen thousand, three hundred thirty and 49/100 dollars (\$213,330.49).

Recommendation

Staff recommends approval of the agreement with CNC Pro AV for the purchase and installation of a comprehensive audiovisual solution for the new City Hall complex, as presented.
