Burnet Municipal Court Quarterly Report

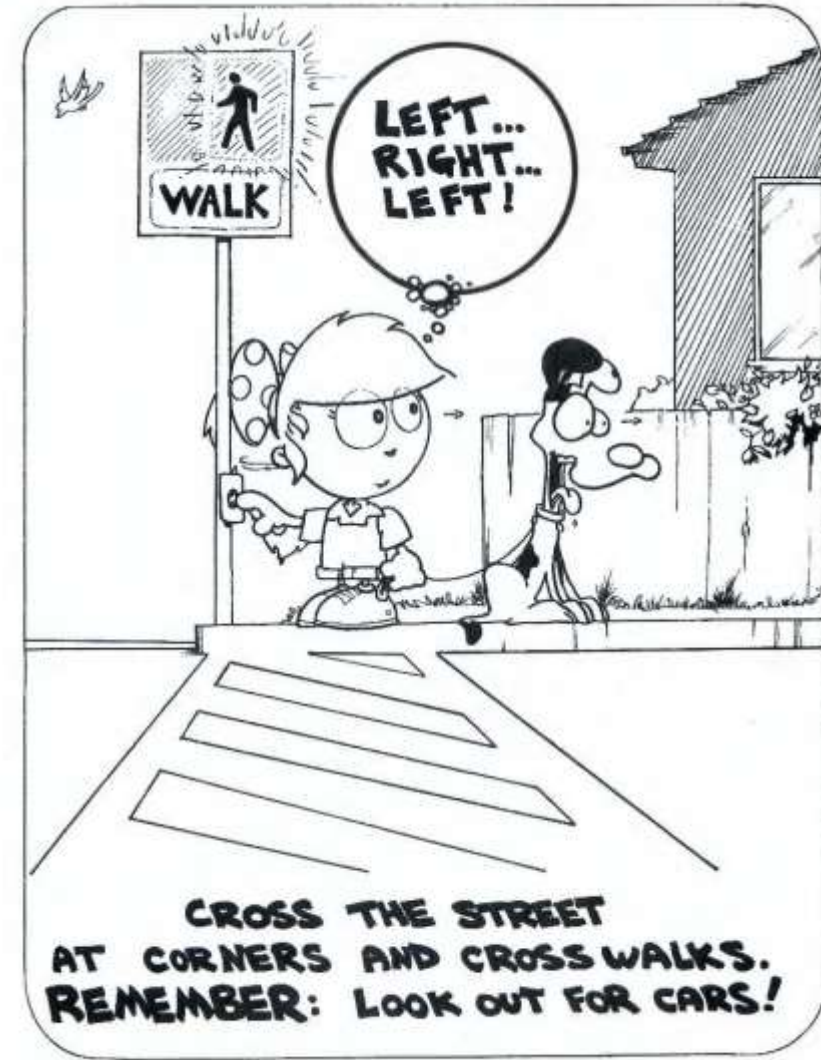

What we've Accomplished!

- The Court hosted their first RED (Reality Education for Drivers) program on October 12. The program went well with 11 participants. Sgt. Stohlman, Judge Tinney and Paramedic James Schuetz spoke to the participants.
- Our second program was held January 11, 2025, and had 12 participants.
- We will be hosting this program once every quarter: next program date – April 26, 2025.

What We've Accomplished!

- The Court began working with Burnet CISD to promote community outreach. We just completed a coloring contest activity that promotes traffic safety among our youngest residents! Winners will be announced soon.

What We've Accomplished!

- We took a “professional” picture for our website to promote professionalism within our Court.
