- o **Sales tax collections** ended the period at 61% of budget and increased by \$162,504 over last year.

Total revenues ended the period at 66% of the annual budget. Compared to last year, revenues have increased by \$269,951 mainly because of the green fee and membership rate increases that went into effect last year. In addition, the course saw a 3.32% increase in green fee rounds over last year.

Total operating expenses are tracking well within budget and ended the period at 56% of budget.

Electric Fund

The Electric fund ended the period with a profit of \$391,273 which is an increase of \$235,824 over this time last year. Total revenues ended the period at 54% of the budget, which is on track with our target for the period. Compared to last year, net electric sales have increased by \$276,410 or 13% mainly because of the change to the purchased power cost adjustment that went into effect in August of 2024 which now allows the City to factor in power loss when calculating energy charges (see Ordinance 2024-32). In addition, billed consumption has increased by 5%.

City of Burnet

Financial Report – Executive Summary FYTD April 2025

Total expenses tracked under budget for the period at 52% mainly due to savings in personnel costs from vacancies.

Water and Wastewater Fund

The Water/Wastewater fund ended the period with a profit of \$128,574 which is below this time last year because of increasing expenses.

Total revenues ended the period at 58% of budget, which is on target for the period and an increase of \$159,398 over last year mainly because of increasing water consumption. Billed water consumption has increased 23% from this time last year.

NOTES AND KEY VARIANCES - BUDGET vs ACTUAL (On a straight line basis, 58.33% of vear is complete)

NET ELECTRIC SALES - are tracking as expected with the budget. Compared to last year, they have increased 13% mainly because of the change to the purchased power cost adjustment that went into effect in August of 2024 which now allows the City to factor in power loss when calculating energy charges. In addition, billed consumption has increased by 4.7%.

POLE RENTAL FEES - were invoiced in February and received in full in April.

OTHER REVENUES - are tracking below budget because interest income is coming in lower than projected for the fund. Compared to last year, other revenues are down because electric connect revenues are now being accounted for in the capital project fund and because interest income is down. Interest rates have dropped from an average of about 5.4% last year to 4.3% as of April.

TRANSFERS FROM HOT AND BEDC- will be made and recorded as the capital expenditures for Christmas decorations are incurred.

EXPENSES

PERSONNEL EXPENSES are tracking under budget for the period mainly because of savings due to vacancies through March. As of April, the department was fully staffed.

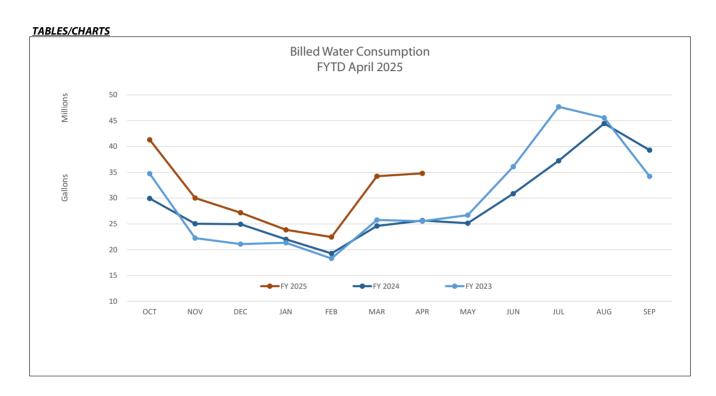

CONTRACTUAL SERVICES are tracking over the straight line average because the annual non-profit contributions were paid in full in February. The category is still expected to finish the year with in budget.

NOTES AND KEY VARIANCES - BUDGET vs ACTUAL (On a straight line basis, 58.33% of year is complete) REVENUES

WATER/WW SALES -Compared to budget, both Water and Water sales are on track. Compared to last year, Water sales have increased by \$150K because billed water consumption is up 23%.

OTHER REVENUE is tracking ahead of last year because of increased bulk water sales.

USE OF FUND BALANCE is being used to offset start up costs for Hay Operations.

EXPENSES

CONTRACTUAL SERVICES are tracking above the straight lined average because of several line items 1) utilities - increasing consumption costs at the wastewater plant, 2) uniforms - majority of budget was spent in the first quarter, 3) HLFWCC - annual contribution to Highland Lakes Firm Water customers of \$4K that was not budgeted, and 4) communications - costs have doubled due to addition of Scada system through out the City.

COST OF WATER is tracking above the straight lined average mainly because of increased consumption over last year. Per Jacob the City is using more surface water versus ground water and billed water consumption is up 23% over this time last year. In addition, LCRA increased their water rates from \$155 per acre foot to \$165 per acre foot in January.

OTHER DESIGNATED EXPENSES are tracking above the straight lined average mainly because of the timing of the wastewater plant permit renewal costs which were paid during the first quarter, majority of travel and training budgets have already been spent, and lab fees at the waste water plant are running higher than expected.

HAY OPERATIONS are new this year so start up costs are being offset by use of fund balance until the hay is ready to sell which is expected to be next fiscal year.

CAPITAL OUTLAY is above budget mainly because the department spent \$11,400.35 to replace the push camera used to inspect sewer lateral lines.

103,983 \$

FLOWAGE FEES are received from the FBO and account for 6% of the Airport's total revenues. They are calculated at the rate of .07 for Avgas and .20 for Jet fuel multiplied by the number of gallons sold each month by the FBO.

73,889

CAF LEASE is revenue received from the CAF hangar rental which is on track with budget but has increased significantly from last year because they entered a new agreement.

INTEREST INCOME is tracking higher than anticipated because of the timing of capital projects. Capital project spending has been lower than anticipated to date.

EXPENSES

Change in Net Position

ACCOUNTING CHANGE FOR PERSONNEL SERVICES: During the prior year a portion of the Airport Manager's and Park's department salaries were allocated directly to the Airport. This year, that expense has been replaced by a budgeted Transfer Salary Allocation.

OTHER DESIGNATED EXPENSES are tracking ahead of the straight-lined budget mainly because of the timing of the insurance payments (Insurance is paid quarterly in advance) and the timing of the property tax payments (paid in full in January). Category is still expected to finish the year within budget.
