# Purchase of Wide-Area Mower

- Request to purchase a new John Deere 1600 Turbo TerrainCut Commercial Wide-Area Mower through United Ag & Turf via Sourcewell Contract #031121-DAC.
- The existing 2017 mower, with 2,271 hours, is experiencing a major hydraulic leak from the main pump, with a quoted repair cost of \$15,065.20.
- Staff has determined that it is not cost-effective to continue investing in repairs for this aging equipment and recommends purchasing a new mower instead.

# Purchase of Wide-Area Mower

- While a \$3,000 trade-in value is available for the current unit, City staff plans to list the mower on GovDeals, anticipating a higher return than the trade-in offer.
- The cost of the mower is \$70,394.94 and will be purchased using the Golf Self-Funded account.
