

ORDINANCE NO. 22-006

An ORDINANCE amending certain provisions of Chapter 14.04 of the Camas Municipal Code, revising the title to "Water Resources Protection", and including additional Sections to address Source Control Best Management Practices

WHEREAS, the City is identified by the State of Washington as a Western Washington Phase II municipality as it relates to management and control of stormwater runoff so that it does not pollute downstream waters; and

WHEREAS, the City is included in the current Phase II National Pollutant Discharge Elimination System (NPDES) permit in accordance with the Clean Water Act; and

WHEREAS, the current Phase II NPDES permit requires the City's stormwater code provisions include a Source Control Program for existing development to prevent and reduce pollutants in runoff from areas that discharge to the City's stormwater system; and

WHEREAS, among other things, the program shall include inspections of pollutant generating sources associated with existing land uses and activities at publicly and privately owned institutional, commercial and industrial sites and to enforce the application of and implementation of Source Control Best Management Practices.

Now therefore, the Council of the City of Camas do ordain as follows:
