BACKGROUND: This presentation is to introduce 2023-2024 Capital Budget Decision Packages which departments have submitted for consideration. This presentation is to provide a high-level look at the capital budget submissions with department heads available to field questions. It should be noted, these submissions will be evaluated with current resources, city priorities, timing, and ability to complete.

The intent is for the Budget Process to be more inclusive and accessible to the Mayor, Council, Leadership Team, and the Camas community. The presentation tonight is Part 2 of two presentations.

SUMMARY: In prior budget cycles, the budget preparation was more staff driven in response to City Council themes from the Annual Planning Conference and the Mayor's input. The 2023-2024 Budget cycle is attempting a more collaborative process by:

- Leadership working collaboratively with staff to put forth decision packages for the Camas community to provide comment, present to Council, and work directly with the Executive Team.
- Council will have multiple opportunities in workshops, retreats, public hearings, documents, public engagement reports, and council meetings to consider the proposed budget.
- Mayor will be working with staff in the formative stages of the budget leading to the Mayor's recommended budget to incorporate input from Leadership, Council, and the Community.
- Community will have a variety of ways to provide input including Camas Days booth, Balancing Act, Engage Camas, public hearings, citizen advisory boards, and Farmer's Market booths.

This budget cycle will result in a policy document for 2023-2024 reflecting the priorities of the whole community with future planning documents to guide the City forward.

The Capital Decision Packages presented in the Part 2 presentation will include Public Works including Transportation, Storm Water, Water and Sewer.
