The Owner shall review the Detailed Scope of Work and request any required changes or modifications. When an acceptable Detailed Scope of Work has been prepared, the Owner will issue a Request for Job Order Proposal that will require the Contractor to prepare a Job Order Proposal. The Detailed Scope of Work, unless modified by both the Contractor and the Owner, will be the basis on which the Contractor will develop its Job Order Proposal and the Owner will evaluate the same. The Contractor does not have the right to refuse to perform any task or any work in connection with a particular Project.

6. Preparation of a Job Order Proposal

1. The Contractor's Job Order Proposal shall include, at a minimum:
 - a. Job Order Price Proposal;
 - b. Required drawings or sketches;
 - c. List of anticipated Subcontractors and Materialmen;
 - d. Construction schedule; preliminary subject to change with the approval of the project manager.

3. The Contractor will prepare Job Order Price Proposals in accordance with the following:
 - a. Pre-priced Task: A task described in, and for which a unit price is set forth in, RS Means.

If the work is to be subcontracted, the Contractor must submit three independent quotes from subcontractors. The Contractor shall not submit a quote or bid from any supplier or subcontractor that the Contractor is not prepared to use. The Owner may require additional quotes and bids if the suppliers or subcontractors are not acceptable or if the prices are not reasonable.
 - iii. The final price submitted for Non Pre-priced Tasks shall be according to the following formula:

For Non Pre-priced Tasks Performed with Contractor's Own Forces:

B = The rate for each piece of Equipment not in RS Means multiplied by the quantity;

C = Lowest of three independent quotes for all materials.

Total for a Non Pre-priced Tasks performed with Contractor's Own Forces = $(A+B+C) \times$ Non Pre-Priced Task Adjustment Factor

These costs may be escalated yearly based on the issuance of a new Means Historical Cost Index. Non-Pre-Priced items cannot exceed 20% of the Job Order.
 - v. The Owner's determination as to whether a task is a Pre-priced Task or a Non Pre-priced Task shall be final, binding and conclusive as to the Contractor.
4. Whenever, because of trade jurisdiction rules or small quantities, the cost of a minor task in the Job Order Price Proposal is less than the cost of the actual labor and material to perform such task, the Owner may permit the Contractor to be paid for such task as a Non Pre-priced Task, or use Pre-priced labor tasks and material component pricing to cover the actual costs incurred. Provided, however, that there is no other work for that trade on the Project or other work for that trade cannot be scheduled at the same time and the final charge does not exceed \$1,000.

5. Contractor shall make the necessary arrangements for and obtain all filings and permits required for the Work, including the preparation of all drawings, sketches, calculations and other documents and information that may be required therefor. If the Contractor is required to pay an application fee for filing a project, a fee to obtain a building permit, or any other permit fee to the City, State or some other governmental or regulatory agency, then the amount of such fee paid by the Contractor for which a receipt is obtained shall be treated as a Reimbursable Task to be paid without mark-up. The costs of expediting services or equipment use fees are not reimbursable. The City, at its discretion, has the option to pay the filing or permit fees through a City funds transfer if so desired to keep these fees out of the JOC project costs.
6. The Contractor shall provide incidental engineering and architectural services required in connection with a particular Job Order including drawings and information required for filing.
7. The Contractor's Job Order Proposal shall be submitted by the date indicated on the Request for Job Order Proposal. All incomplete Job Order Proposals shall be rejected. The time allowed for preparation of the Contractor's Job Order Proposal will depend on the complexity and urgency of the Job Order but should average between seven and fourteen days. On complex Job Orders, such as Job Orders requiring incidental engineering/architectural drawings and approvals and permits, allowance will be made to provide adequate time for preparation and submittal of the necessary documents.
8. In emergency situations and minor maintenance and repair Job Orders requiring immediate completion, the Job Order Proposal may be required quickly and the due date will be so indicated on the Request for Job Order Proposal or, as described below, the Contractor may be directed to begin work immediately with the paperwork to follow.
9. By submitting a Job Order Proposal to the Owner, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Job Order Proposal at the price submitted. It is the Contractor's responsibility to include the necessary tasks and quantities in the Job Order Price Proposal and apply the appropriate Adjustment Factor(s) prior to delivering it to the Owner.
10. If the Contractor requires clarifications or additional information regarding the Detailed Scope of work in order to prepare the Job Order Proposal, the request must be submitted so that the submittal of the Job Order Proposal is not delayed.

7. Review of the Job Order Proposal and Issuance of the Job Order

1. The Owner will evaluate the entire Job Order Price Proposal within 3 working days of receiving the document and compare these with the Owner's estimate of the Detailed Scope of Work to determine the reasonableness of approach, including the appropriateness of the tasks and quantities proposed. If the Owner has questions or requires additional information the Contractor shall respond to the questions or submit a revised Job Order Price Proposal within 3 working days of receipt of the request. For any subsequent reviews or revisions to the price proposal the Contractor and the Owner will have 2 working days.

The Owner also reserves the right not to issue a Job Order if it is determined to be in the best interests of the Owner. The Owner may perform such work by other means. The Contractor shall not recover any costs arising out of or related to the development of the Job Order including but not limited to the costs to attend the Joint Scope Meeting, review the Detailed Scope of Work, prepare a Job Order Proposal (including incidental architectural and engineering services), subcontractor costs, and the costs to review the Job Order Proposal with the Owner.
4. By submitting a Job Order Proposal to the Owner, the Contractor agrees to accomplish the Detailed Scope of Work in accordance with the Request for Job Order Proposal at the lump sum price submitted. It is the Contractor's responsibility to include the necessary Pre-priced Tasks and Non Pre-priced Tasks and quantities in the Job Order Price Proposal prior to delivering it to the Owner.
5. Each Job Order provided to the Contractor shall reference the Detailed Scope of Work and set forth the Job Order Price and the Job Order Completion Time. All clauses of this Contract shall be applicable to each Job Order. The Job Order, signed by the Owner and delivered to the Contractor constitutes the Owner's

acceptance of the Contractor's Job Order Proposal. A signed copy of the Job Order will be provided to the Contractor.

6. In the event that immediate emergency response is necessary, the Contractor shall be required to follow alternative procedures as established by the Owner.
