

CONSERVATION FUTURES INTERLOCAL PROJECT AGREEMENT

I. PURPOSE

This agreement sets forth the terms and conditions by which Clark County, Washington, hereafter referred to as County, shall provide funds from its Conservation Futures Fund, pursuant to RCW 84.34.210 and Chapter 3.24 of the Clark County Code, to the City of Camas, hereinafter referred to as City, for the purpose of acquiring fee simple or lesser interest in open space, farmland, or timber land, as such are defined in RCW 84.34.020.

II. AUTHORITY

This interlocal agreement (Agreement) by and between Clark County, Washington, and the City of Camas is authorized by Chapter 39.34 of the Revised Code of Washington.

III. PROJECT DESCRIPTION

The City's application to County is part of this Agreement. The application is the City's notification of its intent to implement and manage this project in conformance with local and state goals and objectives. The project to be assisted is summarized from the City's application as follows:

- A. The City-owned Green Mountain area encompasses approximately 115 acres of real property to protect environmental values, preserve forested land, and provide recreational opportunities at and around Green Mountain, of which 60 acres were donated and shall not be subject to any encumbrance associated with this Agreement, and 55 acres which has been purchased by the City. The City's application is solely to assist in the acquisition of the 55-acre parcel, Clark County Parcel No. 986047279 (Exhibit A: Subject Property).

IV. FUNDING OF PROJECT

An appraisal report was completed on September 25, 2020, providing a market value, in fee simple, of \$20,100,000.00 for the 115 acres of real property. Approximately 60 acres, appraised at \$15,500,000.00, was donated to the City with a closing date of December 30, 2020. The 55-acre subject property, with an appraised value of \$4,600,000.00, was purchased by the City at a negotiated price of \$3,865,367.00 including closing costs and closed on November 5, 2021.

The total project cost of the Subject Property the City acquired under terms of this Agreement is \$3,865,367.00. The City requests that the County contribute, in the form of reimbursement, \$1,250,000.

County agrees to pay \$1,250,000 on the terms and conditions set forth herein.

V. CONTINGENCIES

The duty of County to pay out funds under this contract depends on:

- A. Strict compliance by City with the terms of this Agreement, and;
- B. Available funds in County's Conservation Futures Fund.

VI. DURATION OF INTERLOCAL AGREEMENT

This Agreement shall remain in effect in perpetuity.

VII. RELATIONSHIP OF PARTIES

The Clark County Council imposed the Conservation Futures levy to provide a reliable and predictable funding source to help acquire interest in open space, farmland, timber land, and certain classifications of park property. This project, however, was sponsored by the City of Camas and not Clark County. The purpose of this Agreement is to provide the City with monetary assistance, which will enable it to complete the project described herein. In return for monetary assistance, the County requires that a Deed of Right to the County, as shown in Exhibit B, be recorded by the City within 10 business days from grant transfer date to ensure that the acquired land is managed consistent with the purposes articulated in this Agreement. The County will not acquire any ownership interest, beyond the covenant, by virtue of this Agreement, nor will County assume any responsibility for improving or managing the property.

The City is responsible for the management of this project, subject to the terms and conditions of this Agreement. Furthermore, the County shall not become party to any contract between the City and others by reason of having entered into this Agreement.

VIII. OTHER ORGANIZATIONS

No separate legal or administrative entity is created by this Agreement.

IX. PERFORMANCE

The City agrees to manage the subject property in a manner consistent with the legislative declarations and objectives set forth in RCW 84.34.010-020 and RCW 84.34.200-250 and in Chapter 3.24 of the Clark County Code. Moreover, the City recognizes that Clark County Council is the only legislative authority empowered to impose the Conservation Futures levy and that the Clark County Council has done so, making it responsible to assure proper use and administration of the Conservation Futures Fund. Therefore, the City shall operate and maintain the subject property as follows:

- A. The property and any improvements to the property shall be kept safe and clean.

- B. The City shall make reasonable effort to control nonconforming uses, such as hunting in wildlife preserves and sanctuaries.
- C. Sanitation and sanitary facilities shall be maintained in accordance with applicable state and local public health standards.
- D. The City shall submit to the Conservation Futures Program Coordinator any plans for improving the subject property to assure statutory compliance and consistency with the Conservation Futures Project Application attached as Exhibit C. This does not apply to routine maintenance. Improvements that may be allowed under terms of the statute, include but are not limited to trails, picnic tables, viewpoints, rest areas, docks, benches, boat launches, restrooms, and parking lots. Work shall not commence without written approval from the Conservation Futures Program Coordinator of a proposed master plan consistent with the terms herein. Though County shall be given the opportunity to review plans for improvements, this should not be construed to mean that County shall participate in the funding of improvements.
- E. The City shall submit to the Conservation Futures Program Coordinator any proposals for lease-back agreements, as provided in RCW 84.34.210 easements, rights-of-way, or other conditions or restrictions which limit the use of or alter the character of the subject property. Any such proposal shall be reviewed for statutory compliance and consistency with proposed plans and uses as stated in City's project application at the time of funding approval. City shall not conclude any such agreement without written consent of the Conservation Futures Program Coordinator.
- F. The subject property shall be kept open for public use at reasonable hours and times of year. The County recognizes, however, that appropriate hours may vary considerably depending on the type of interest that has been acquired, and the existence of leaseback or other agreements that might properly limit public access.
- G. The subject property shall be open for the use of all segments of the public without restriction because of the race creed, color, sex, religion, national origin, or residence of the user.
- H. Roads, trails, tables, benches, and other improvements shall be kept in reasonable repair throughout their estimated lifetime, as to prevent undue deterioration that would discourage public use.
- I. City should operate and maintain the facility in accordance with all applicable federal, state, and local laws and regulations.

X. USER FEES AND CHARGES

User or other types of fees may be charged in connection with areas that are the subject matter of this Agreement, provided that the fees and charges are commensurate with the value of recreation services or opportunities furnished and are within the prevailing range of public fees and charges within the state for the particular activity involved.

XI. CONVERSION

The City for and in consideration of monies coming in whole or in part from Clark County's Conservation Futures Fund, shall record a Deed of Right to County within 10 business days from grant transfer date, and dedicate the acquired subject property under terms of this Agreement in perpetuity for the public's use and enjoyment and to promote the purposes of Conservation Futures.

The City, will not make or permit to be made any use of the real property described in this Agreement, or any part of it, which is inconsistent with those chapters of the Clark County Code and Revised Code of Washington that govern the use of Conservation Futures funds, or any use which is inconsistent with the purposes and improvements as described in City's project application at the time of funding approval, unless the Clark County Council consents to the inconsistent use. The County shall approve any such conversion only upon conditions where City can assure it will acquire substitute properties which are of equal or greater value at the time of conversion, which, to the extent feasible, are equivalent in usefulness and location, and which also meet the goals and objectives of the Conservation Futures Program.

XII. REMEDIES

In the event the City fails to comply with any or all of its obligations under this Agreement, the parties agree that specific performance shall be the preferred remedy.

The remedy of specific performance shall not be the sole remedy and does not serve to exclude any and all other remedies available to the County. The County may choose to exercise any and all other remedies available, together with, or as an alternative to, specific performance, at the option of the County.

XIII. REPORTS AND INSPECTIONS

The City shall prepare a final report upon completion of this project for presentation to the Conservation Futures Program Coordinator. The report shall include a final accounting of all expenditures and a description of the work accomplished.

The property and improvements acquired under terms of this Agreement shall be available for inspection by the Conservation Futures Program Coordinator, or their designee, upon request. As a matter routine, Clark County shall conduct an on-site inspection approximately once a year to assure that the property is being operated, maintained, and used in accordance with this Agreement.

XIV. ASSIGNMENT

This Agreement shall not be assignable in whole or in part by the City except with the express written consent of the Clark County Council.

XV. HOLD HARMLESS

The City agrees to defend and hold harmless Clark County, Washington, the Clark County Council, and any employees thereof from any and all suits at law or equity or claims or demands, or any loss of any nature, including but not limited to costs and attorneys' fees, suffered, or alleged to be suffered, on the property, or arising out of use, improvements, operation, or management of the property.
