Hi Lauren,

Thank you for the call today to clarify my SEPA comment. I wanted to follow up about the trail within the habitat buffer associated with Lacamas Counseling Center. Public and private pedestrian trails are an allowed activity per Critical Areas Chapter 16.51.110(C)(4) incorporated into the Camas SMP. Therefore, a variance is not required for trails that follow the provisions of that chapter and the SMP.

Have a great day,

Meghan Tait
