Dear Robert,

Thank you for contacting the DAHP regarding the above-referenced project. Because the project location is in an area marked "Very High Risk" for encountering archaeology by our Archaeological Risk Assessment Model, we recommend that a project-specific Inadvertent Discovery Plan (IDP) be created and kept on site and that project personnel receive training in the implementation of the IDP in the case of a discovery.

Please also note that DAHP Project Tracking Number 2025-03-01781 has been assigned to this project. Please include this number with any future related correspondence.

Thanks, and please let me know if you have any questions,
 Jessica
