To Whom It May Concern,

The bubble that is proposed to go over the Camas High School Tennis Courts definitely is a great decision and well needed. There are so many kids that turn out to play tennis on both the boys and girls teams and it is so disappointing when they cannot even practice let alone play a match with a different school because of weather cancelations. Please put the bubble over the courts for our children and for the wonderful addition of adding a place to play for the community. This is something that needs to happen!

Thank you for your time,
