Camas Community Development,

As a PNW community with eight months of unpredictable weather, it is far time that we offer more indoor recreation opportunities. The covered CHS tennis court idea is a good place to start. My freshman girl just started the tennis program at the high school this year and it has been chaotic. For three months, we are now committed to being able to plan nothing five days a week, as our schedule from 2:45pm-6pm, Mon-Fr, is dependent on the weather. It's probably too late for my family to enjoy this improvement, but it is far time that covered and indoor recreation options exist for this community that endures regular rain 8 months per year (October - May).

Please also consider for the future:

1. Publicly accessible volleyball courts,
2. Tennis/pickleball courts at the middle schools, and
3. attracting businesses such as this one: <https://thepeoplescourts.com/>

Thank you for listening,

Elisa  
Mom of two Camas high schoolers
