Hi,

My child is a junior at Camas high school. She is not athletic enough to play any of the cut sports. She is chosen to play tennis the last two years. It means the world to me and my family that she is able To participate in a team sport. Covering the courts at Camas high school with the bubble will ensure that children like mine who go to a huge school and are not "good enough" for cut sports are able to continue to have the opportunity to participate in team sports.

Please understand so many parents in my situation feel the same way. I cannot afford to send her to a private tennis club so the public courts at her school are her only option.
