Hello,

My name is Beth Murrow. I am a mother of 3 students in the Camas School District. I am writing in today in support of the tennis bubble at Camas High School. I think the benefits of having covered outdoor space are innumerable. We are experiencing our first season of girls tennis and have been blown away by how frequently the rain impacts practice and matches. It would be such a huge boost to the tennis program (which is quite large!) and supporting so many young athletes. I know all of the tennis players would benefit but I can imagine a covered outdoor space at the high school will go a long way for so many other programs as well, from PE to a dry space for other activities and clubs to meet. This feels like a win solution for the entire district.

Please help make Camas even better by helping make the bubble happen!

Thanks,
Beth Murrow
