I have two questions for the meeting on Thursday:

- 1) Would Camas School District still have to shutter their Odyssey Middle School campus if this project wasn't happening?
- 2) Doesn't it look bad for CSD to be spending \$1 million on this project when they are doing budget cuts that eliminate teacher jobs? Is there any harm in waiting to see how education funding shakes out before we do this project?

I'm not against improvements to our recreational opportunities here in Camas. My concern is that we are losing one of the most amazing campuses our school district has to offer its children for the sake of covering tennis courts. If you saw firsthand how well Odyssey Middle School works in the building it currently uses, you would question the timing of this project, too.

Thank you,
