SUMMARY

The North Shore Subarea Plan will guide future growth and development in the area north of Lacamas Lake.

Beginning in the summer of 2019, the first phase of the North Shore Subarea Plan process engaged the Camas community in an effort to re-think the current zoning, including a community vision, conceptual road alignment, land use designations, and a projection for future jobs and housing.

To create the community vision, the City conducted a series of vision outreach activities, including:

- Visits to Discovery High School, Camas Farmers Market, Camas High School and Camas Youth Advisory Council to encourage participation.
- Twenty-one stakeholder interviews with property owners within North Shore, representatives from the Camas School District, the Port of Camas-Washougal, and elected officials.
- Online survey #1 taken by 583 community members.
- Student workshop at Discovery High School to map future land uses.
- Community forum attended by approximately 100 community members (82 signed-in).
- Online survey #2 taken by 678 community members.
- Email and Facebook comments.
- Community Vision Workshop attended by approximately 100 citizens (81 signed-in).
- Workshop before Planning Commission on July 21, 2020.
- Public hearing on August 18, 2020. The Planning Commission unanimously forwarded a North Shore Subarea Vision for approval to Council.

Among the thousands of comments collected, a series of themes emerged indicating how the Camas community wants to see the North Shore area develop over time. The vision outreach comments and these themes are translated into the North Shore Vision.
