Dear Sarah,

I hope this email finds you well. I'm writing to express my concern for the permit for a drug, substance and alcohol rehabilitation center in our neighborhood. My wife and I moved to Camas specifically for safety and peace of mind. The fact that the facility will be in very close proximity to an elementary school in itself raises issues of fear and concern. There is no amount of security that the facility can promise to help residents around the area feel safe. I hope that the concern of residents and parents will be taken very seriously. We have heard many stories of how damaging such centers have been to neighborhoods. Safety and wellbeing of people living in the area should be given the top priority by the city. I'm sure it has become clear to you that many people are worried for their safety and also the safety of children attending Dorothy Fox Elementary. My wife and I kindly urge the city to reconsider this proposal and refuse the permit for a rehabilitation center.

Thank you for your time,

Shaveen & Sevani Pinto

Hello,

I am concerned parent, tax payer and resident - please add my dissent to the proposed Drug Rehabilitation Facility next to Dorothy Fox School at the current Fairgate Estate. I'm a supporter of rehabilitation but believe the location next to a school is dangerous to our most vulnerable - our children. Additionally it will detrimental to the financial value of the city of Camas overall.

Please reach out to us with any questions. I do plan to attend the public hearing on March 24.

Good Morning

This email is in response to the Discover Recovery drug and alcohol rehab center conditional permit request.

While we all support and recognize the need for this service, the proposed location is not appropriate for this service type. Being immediately adjacent to a neighborhood park, an elementary school (kindergarten - grade 5), a church, and several houses directly across the street that have young children, **this is NOT an appropriate place to locate a drug and alcohol rehab center.** Directly in the middle of an 1800+ residential home area is not in the best interest of the community. Safety concerns are paramount.

We are asking the owners who requested this conditional permit to locate their much needed service to an alternate appropriate location that is not in the middle of a residential area surrounded by elementary school children, parks where families and neighbors gather and next to a church.

Thank you.

Hello Sarah,

Thank you for reading this email. we are residents of the neighborhood and stay one block from Dorothy Fox. We have serious concerns of having such a rehab center right next to an elementary school. While I appreciate the thought behind the need for such a rehab center, this is the wrong location for such a facility. we want to live in a community where we feel safe and can have kids roam around without any fear of safety. We moved to the area because it made us feel safe. There are better places for such a facility in the area. I oppose this move, please reconsider your decision.

If you need any further details from me on this issue, please contact me via email.

I am adamantly against permitting this drug rehab right next to the Dorothy Fox elementary. As a Camas citizen and with young children who attend this school, I would expect the officials to do the right thing for the small children in this community considering their safety a priority!

I am writing to express my concern with the proposed Discover Recovery facility next to Dorothy Fox Elementary in Camas. As a resident/property owner on top of Prune Hill, it came as quite a surprise to hear the proposed plan for the detox facility would be so close to the elementary school. How does our community benefit from this facility at its proposed location? Will the patients undergoing treatment be primarily from Camas? Are there known risks? I certainly hope the city of Camas understand how concerning this proposal is for many families.

Sincerely,
Nicole Beavers

Hi, I am a resident of the Camas community. I heard that a drug treatment center business is about to be operated near DOROTHY FOX Elementary School. Regardless of whether the target audience of the drug treatment center is rich or ordinary people, it is very inappropriate and unacceptable to run such a business near the school.

My opinion on this matter is: very clear objection! strongly oppose!

Now, whether it is a poor developing country or a powerful United States, they attach great importance to the education of the next generation. Providing excellent education for children and young people is a major responsibility and mission of every country, whether at the national or local government level, as well as every community and every family. As adults, we work hard to pay taxes (residents' real estate tax is part of the source of funds for public schools in the region), in order to provide our children with an excellent living environment. School is a place where children learn knowledge and various skills. A business that provides drug rehabilitation services for the rich or ordinary people is unacceptable no matter how noble and politically correct it is.

Imagine that a five or six-year-old child sees adults who come and go in this building, all kinds of people, or excited or malaise, they will curiously ask who these people are? What is their purpose here? Our parents will answer them honestly: They are rich/ordinary people, they have taken drugs and become addicted, and now they need treatment and rehabilitation. The children may also ask, what is drug use? Can I take drugs? Parents will definitely suggest that drug use is not a fun thing. Drugs have a great impact and harm on people's health. Once drug addiction develops, it is difficult to quit. The child will continue to say, can't I just give it a try? Excuse me, how should we answer as parents at this time? Are we going to tell our own children in a politically correct way, saying: Well, if you are curious, try it. Because if we block the children, it will violate a series of laws that deprive parents of guardianship, such as legalization of marijuana or legalization of gender free conversion (parents have no right to prevent it) promoted by the great Democratic Party.

Helping those who are willing to quit drug addiction to get rid of the control of drug addiction, although it seems to be a very ethical business. But, is it necessary to open this kind of business near the school? **The answer is obvious, absolutely not!** Excuse me, what is the intention of the people who run this business? What do the main managers and legislators of this COUNTY think about the children in this community and the families behind them? Don't tell us residents how good this business is for taxation and the economy! Is it too selfish to make this kind of money without conscience and only focus on economic benefits at the expense of the physical and mental health of community residents, especially the children? You community managers should understand what projects are conducive to the stability and harmony of the community when doing community planning, and what projects are extremely bad and harm the interests of community residents. **Isn't your duty** to protect the interests of the residents of the community? Or is the investor who runs this business, like corrupt elements in some countries, likes to use money to open up relationships, and then arbitrarily promotes a business that makes money for him? ! If you, as the community manager or the working people of the county

government, are inaction or incompetent, and allow the dark forces to bully ordinary people, then we strongly ask you to resign.

In short, I once again express my opinion: I am very opposed to this matter/this business! **strongly oppose!**

Thanks for your kindly understanding and strongly supporting for our residents.

With my regards.

These complaints don't seem to be as innocuous as they appeared in the article by the Post Record

One of those complainants is actually by the Washington State Dept of Health "a client allegedly held a staff member hostage in the kitchen at respondent facility. There are concerns about inadequate staffing for safety, and accepting clients with serious mental illness"

Attached are the three reports that found issues at Discover Recovery Long Beach.

WHO is doing the due diligence on this company that could be sharing a chain link fence with the 6 year olds?

So, I guess we are just going to wait with our fingers crossed or shut them down AFTER something happens?

March 15th, 2021

Dear City of Camas,

As a Nurse of 25 years (23 years as an Intensive Care Nurse), I have some serious concerns with the newly proposed Rehab facility slated to open next to Dorothy Fox and Dorothy Fox Elementary School. I am a medical surgical intensive care nurse with direct experience working in an acute care setting with patients suffering from the effects of drug and alcohol abuse.

With this experience, I am compelled to ask the following questions that are concerning to me:

1. Why the need for such frequent patient monitoring? Monitoring that is performed every 30 minutes around the clock is only seen in patients that are actively withdrawing from drugs/alcohol in a hospital setting or are on a suicide watch. This type of care is what is seen in acute care settings, and then for only certain types of high-acuity patients.
2. Why the need to have cameras installed throughout the center and monitored throughout the day? If there are safety concerns, then having this facility share a fence with Dorothy Fox Elementary School and Dorothy Fox park is very worrisome. The safety of our school children is top priority.
3. When withdrawing from alcohol/drugs patients can become agitated, which can lead to violent behavior. At times confusion can be seen with some of these patients. Rehab facilities have limitations to treatment. At times patients have to be sent to a facility that is able to safely treat them. This can happen at any time day or night. Will a very limited number of staff (2 on night shift) be able to care for these types of patients? This does not seem adequate according to my experience.
4. Staff, at times, will not be able to make it to work for various reasons. Getting a replacement can be very difficult. On the night shift that will leave one staff to care for 15 patients.
5. There is a higher incidence of people with drug addictions that also suffer from other types of co-occurring addiction disorders and mental illness. Discover Recovery's own website states "studies have shown that about half the people with substance use disorders also suffer from mental illness."¹ The stress from the withdrawal process could exacerbate these mental illnesses, potentially leading to unsafe behaviors. Of course, this won't be every patient, but the high turn-over rate of patients going through such a facility definitely exposes our community to a significantly increased probability.

¹ "Common Co-Occurring Addiction Disorders", accessed from the Discover Recovery Website on 15 March 2021 at <https://discoverrecovery.com/common-co-occurring-addiction-disorders/>

6. If a patient chooses to leave the facility premises, they can do so. Staff will not be able to force a patient to remain if that patient decides to leave.

In addition to the previous Long Beach Police Logs, we have also received the attached Pacific County Sheriff's Reports.

They speak to many patients leaving with nowhere to go against medical advice and quite a few medical emergencies.

We will have some transcribed calls later today that we want in the record as well.

Please confirm all of these files are being placed in the hearings examiner packet.

COMMENTS

wanting to speak to an officer. step daughter in LB at discovery recovery.. she has been getting ahold of rp's bank card and purchased over 3,000 online. police where he lives told him to report it here also..
Brianna Milne
RP said he went to visit her, she had an 8 hrs pass and he took her shopping, had lunch ect.... He thinks she stood over his shoulder and got his card number... he has been getting fraud report from banks from her ordering stuff online..

Sarah,

Wo t be able to join the zoom about the Discovery Recovery planned facility near Dorothy Fox but want to voice my displeasure. I'm not against it being in Camas, or even Prune Hill, but right next to a school, playground, and church? Are you kidding? Come in. The city has to have better common sense than that. It's just a recipe for disaster. Please vote against and do what you can to prevent this from happening.

From a Concerned parent of a Dorothy Fox kid, local resident, and tax paying citizen.

Thank you
-Danny Homan

Good morning, Sarah. Hope you are well. Attached are additional comments submitted on behalf of the Dorothy Fox Safety Alliance for entry into the record. One attachment discusses Pacific County Sheriff Reports related to Discover Recovery in Long Beach. The other attachment describes Washington State Dept. of Health Complaint Cases and allegations. Thank you.

Highlighted Washington State Department of Health Complaint Summaries
Related to Discover Recovery's Long Beach Facility

When carefully evaluating whether the proposed use in CUP 21-01 will be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity of the proposed use, please also consider the following complaints investigated by the Washington State Department of Health related to practices or incidents at Discover Recovery's Long Beach Facility. The DOH complaint case sheets are attached to these comments.

June 2019 – Allegations Related to Hostage Incident

Complaint Source: Washington State Department of Health employee
Allegation #1: Client held a staff member hostage in the kitchen at Discover Recovery
Allegation #2: Concern of inadequate staffing for safety
Allegation #3: Accepting clients with serious mental health issues

Resolution: No violation of behavioral health law, but case referred to another agency for further action.

September 2019 – Multiple Allegations

Complaint Source: Employee/Ex-Employee/Co-Worker of Discover Recovery
Allegation #1: Ordering large quantities of Chlordiazepoxide (Librium), but not given to patients
Allegation #2: Delayed detox protocols
Allegation #3: Delays in clients being seen by medical staff
Allegation #4: Staff are untrained and demeaning to clients
Allegation #5: Staff are destroying or diverting large amounts of Librium
Allegation #6: Staff are falsifying patient charts
Allegation #7: Staff are admitting clients that are in need of hospital detox

Resolution: Statement of Deficiencies issued.

September 2019 – Multiple Allegations

Complaint Source: Anonymous
Allegation #1: Client stated that there was no PA at the facility, and did not see a nurse while they were there
Allegation #2: Another client was put on Librium and then it was stopped without proper tapering

Resolution: Statement of Deficiencies issued.

CUP 21-01: Supplemental Comments Submitted on Behalf of The Dorothy Fox Safety Alliance

**Highlighted Incidents Where Discover Recovery Patients Leave Facility
Unattended, Unaccompanied and Against Medical Advice**

When carefully evaluating whether the proposed use in CUP 21-01 will be materially detrimental to the public welfare or injurious to the property or improvements in the vicinity of the proposed use, please also consider these important points:

- **As incidents at the Long Beach facility clearly demonstrate, patients can leave at any time, for any reason, with or without notice, with or without their belongings, and even when it is against medical advice.**
- As the incidents at the Long Beach facility show, patients leave or flee the facility on foot (which makes sense because Applicants' application says patients are prohibited from bringing their own vehicles).
- Again as the incidents show, once a patient has left or fled the property on foot, Discover Recovery has no obligation or duty to find these patients, or to give notice to the police, surrounding residences, schools, churches or other nearby uses that the patient has left or fled the facility.
- In fact, as one Discover Recovery nurse stated to the Pacific County Sheriff dispatch, "We don't typically call when patients leave against medical advice."
- The reports indicate that the leaving or fleeing patients often suffer from mental health issues, personality disorders, suicidal ideations, or even in one instance "meth psychosis." And, shockingly, as the reports indicate, Discover Recovery has no idea where the patients go when they re-enter the community.

Listed below are summaries of Pacific County Sheriff Reports describing calls to the Sheriff dispatch related to patients leaving or fleeing the Long Beach facility (or, in one instance a patient experiencing a psychotic break outside the facility). Actual sheriff reports and two audio transcripts are provided as an attachment to these comments. These are only a handful of incidents that the Dorothy Fox Safety Alliance could locate records for. Assuredly, there are many more incidents because, as a nurse there stated, they don't normally report patients who leave against medical advice.

Any one of these Long Beach reports, on its face, creates a public welfare concern, along with a concern for the patient. However, please consider the how the public welfare would be materially and detrimentally impacted if any one of these incidents happened next to an elementary school during school hours, or a park with public bathrooms and a playground, or a church with a pre-school, or while kids are walking to and from their school each day.

The freedom for patients to leave at any time and for any reason, coupled with Discover Recovery's lack of duty or obligation to locate these patients or give notice to local public safety authorities or Dorothy Fox, Harvest Church or the surrounding residences is materially detrimental to the public welfare in, on and around the proposed location. Again, substance abuse treatment services are needed and play an important role in our society, however providing such service at this specific location is unreasonable, irresponsible and wholly incompatible with the sensitive uses surrounding the property.

Pacific County Sheriff Report – Patient Left Facility Unattended/Unaccompanied Against Medical Advice

Comments: **Happened just last month.** Interesting to note that Discover Recovery feels that a patient in “some sort of meth psychosis” running away from the facility is “*not an emergency.*” Also, the facility acknowledges that the patient is likely out in the community, in the rain, with nowhere to go.

Report Summary:

- Discover Recovery tells dispatch this is “not an emergency”, just “keep an eye out for” this patient.
- **Patient was admitted that day and “looked like he was in like some sort of meth psychosis.”**
- **“And he just took off running.”**
- **“Umm...if you guys come across him in the evening...somehow...which it is a small city, I’m sure you guys will...he’s more than welcome to come back to the facility.”**
- **“Umm, but I think he would come back and feel good about it. Uh...especially when he realizes it’s raining and nasty out and there’s nowhere to go.”**

December 2020 (See also Audio Transcript of this call)

Pacific County Sheriff Report – Patient Left Facility Unattended/Unaccompanied Against Medical Advice

Comments: Called police 20-30 minutes after patient left against medical advice. Normally do not call in these types of situations. Discover Recovery had no idea where the patient was.

Report Summary:

- Client left 20-30 minutes ago against medical advice.
- **Discover Recovery does not typically call when they have patients leave against medical advice.**
- Known mental health history and history of harming herself.
- **“There was no stopping her...she’s got some personality disorders...”**
- **Discover Recovery had no idea where she was.**
- Not from there, was from Everett, WA.

April 2020

Pacific County Sheriff Report – Patient Left Facility Unattended/Unaccompanied

Comments: Patient left, no clue where they were.

Report Summary: “23 yo...left discover recovery walking, [unknown] direction, is not mandatory to stay there. If anyone has encounter w/female to let [reporting person] know.”

Thursday, January 2 at 10:39am

Pacific County Sheriff Report – Patient Left Facility Unattended/Unaccompanied

Report Summary: "Female took off from discovery recovery..."

Tuesday, January 21 at 9:33 am – which, if this happened at Fairgate Estates, would have happened during Dorothy Fox school hours

Pacific County Sheriff Report – Incident Outside the Substance Abuse Treatment Center

Report Summary: Currently outside, believe having psychotic break, 25 year old male, currently awake, outside smoking, is breathing, getting to be violent, is talking to himself, no access to weapons."

October 2019

Pacific County Sheriff Report – Patient Left Facility Unattended/Unaccompanied Against Medical Advice

Report Summary: Husband was in detox center Discover Recovery, left against recommendation, only there 3 days. No money or means of transportation. No ID. Wanted to go to the Best Western but hotel wouldn't let him stay without his ID. Subject possibly suicidal.

July 2019

Pacific County Sheriff Report – Patient Left Facility Unattended/Unaccompanied

Report Summary: Was in treatment facility and left. History of drug addiction and suicidal ideation and attempts. Reporting person found out that he actually left the night before, he does not have anyone in the area.

Dispatch: Dispatch

Discover Recovery: Hi uhm, this is XXXXX XXXXX here at Discover Recovery, I just want to kind of notify you guys of something that's not an emergency but to keep an eye out for if that's okay?

Dispatch: Okay, what's going on?

Discover Recovery: Okay, so we admitted a client today from the XXXXXX tribe up in like Arlington area, he was pretty out of it...uh, it looked like he was in like some sort of meth psychosis – slow response, he wasn't like dangerous or violent, you could just tell he was kinda on one.

Dispatch: Okay.

Discover Recovery: He arrived at like 5, stayed until 10:30 to now-ish.

Dispatch: Okay.

Discover Recovery: And he just took off running...uhm if you guys come across him in the evening..somehow, which it's a small city, I'm sure you guys will...he's more than welcome to come back to the facility...uh his name is XXXXXXXX XXXXXXXX. Let me get you the spelling, cause it's kind of a weird spelling.

Dispatch: It's all right.

Discover Recovery: So it's X-X-X-X-X X-X-X-X-X

Dispatch: Okay.

Discover Recovery: He's 31 years old, date of birth is XXXX XX 1989,

Dispatch: 1989, okay

Discover Recovery: He was wearing a black hoodie and then a red hoodie underneath the black hoodie. Uhm, he was wearing black shorts, they look like they were like sweatpants cut off as shorts.

Dispatch: Okay.

Discover Recovery: With black shoes, he's got like dark brown hair, approximately 5'8" or so, uhm, dark brown hair that is like maybe to his shoulders. He's Native American.

Dispatch: Okay.

Discover Recovery: Uhm...he's just kind of out of it. Ah...and has some trust issues and he's been on a 4 day run

Dispatch: Okay.

Discover Recovery: He was like pleasant and nice with us.

Dispatch: Okay.

Discover Recovery: And he did take some medication so he might be tired soon.

Dispatch: Okay, and which direction did he take off did you say?

Discover Recovery: Uh, it looks like he was headed south from our facility.

Dispatch: Headed south from facility. Okay, well I will let the Long Beach officer know just for information. What's a phone number for you?

Discover Recovery: XXX-XXX-XXXX

Dispatch: Okay, and your name?

Discover Recovery: It's XXXX XXXXXX, I'm director of operations here.

Dispatch: Okay, well I will let the officers know just for information and you said he is welcome to come back there?

Discover Recovery: Yeah, and if for some reason you run into him and he's out there, which more than likely will happen -

Dispatch: Okay.

Discover Recovery: He's more than welcome to come back as long as he's like willing. He's kind of...he doesn't trust people very well, at all.

Dispatch: Okay.

Discover Recovery: Uhm, but I think he would come back and feel good about it. Uh...especially

Dispatch: Okay.

Discover Recovery: when he realizes it's raining and nasty out and there's nowhere to go.

Dispatch: Okay, well I will let the officers know just in case, okay?

Discover Recovery: Okay, thank you so much, I really appreciate you

CALL 201217071

12/17/20

Dispatch: Dispatch

Discover Recovery: Hi my name is XXXX XXX and I'm a registered nurse at Discover Recovery Treatment Center here in Long Beach. We have a client that just left about 20 or 30 minutes ago. We don't typically call when they AMA (leave against medical advice) but she has a known history, a mental health history and a history of harming herself and so we wanted at least the police department to be aware. And if they can, I don't know, if they pick her up or she won't come back here if they take her in to be evaluated.

Dispatch: Okay, what's your name again, I'm sorry?

Discover Recovery: XXXXXXXX

Dispatch: What is the phone number for you guys?

Discover Recovery: 360-244-4707.

Dispatch: Okay, what is her name?

Discover Recovery: Her name is XXXXX XXXXXXXX.

Dispatch: Do you have a middle initial and date of birth?

Discover Recovery: I have a date of birth XX/XX/XXXX.

Dispatch: Do you know what she was wearing?

Discover Recovery: I believe she was in black pants and a black jacket. (Was her hair pulled up in a ponytail?) And she had a black purse. Yes. Suicide attempts of like trying to drown, and of course, OD, but she's...yeah, her family and friends are concerned and there was no stopping her...she's got some personality disorders that....(light laughing)

Dispatch: Okay...Do we know where she might go?

Discover Recovery: We have no idea.

Dispatch: Okay...So you don't want us to....

Discover Recovery: She's not from here, she's from Everett WA, so yeah, she's going to be, we just need to make sure she's safe, I don't think we can talk her back into coming here, but if not, then at least do a check on her if they see her and....

Dispatch: Okay...uhm.I will go ahead and let the law enforcement know. If she comes back can you give us a call and let us know?

Discover Recovery: Oh absolutely. Absolutely.

Dispatch: Okay, perfect

Discover Recovery: All right, thank you so much, Alrighty bye bye.

Dear Members of the Camas City Government,

I'm writing to share my concerns about the placement of a Discover Recovery Center next to Dorothy Fox Elementary School.

As you well know, school properties are usually areas that are protected by the communities they serve. Since they serve such an important function in the community, and because children are such a vulnerable population, most cities make sure that the areas around schools are kept safe, quiet, and conducive to learning. Especially in this era of lockdown drills and school shooting preparations, safety and calm at school is top of mind for every parent as we drop our children off at school each morning.

I want to make it clear that I am not at all against having a drug recover center in Camas. Like schools, such centers serve a very important function in the communities that they serve. I feel strongly that drug addiction is a health-care issue, and that people who are suffering from addiction deserve the same level of compassionate care and help that we would provide for someone suffering from any other medical ailment. With the abundant natural beauty in this area, Camas could be an ideal place for people to turn their lives around and regain their health.

With that being said, I'm just not convinced that putting a for-profit recovery center run by out of town owners directly next to an elementary school is the most appropriate way to serve both of these needs in Camas. We would never consider putting a hospital next to an elementary school, because we know that the noise of sirens and the types of 24/7 activity at a hospital would not make the best neighbor for a school. That doesn't mean we don't want any hospitals in our community. Of course we do-we need them, and they are vital members of our community. It just means that placing them directly next to a school isn't the best option for anyone involved. Children need to be free to walk back and forth to school, run outside on the playground and attend class daily without being worried about what's happening directly over the fence. Likewise, those seeking drug recovery treatment deserve to do so in a peaceful space that gives them the freedom to work on their health without the constant community scrutiny that will inevitably come from sandwiching the treatment center next to a school full of young children. Putting these two very different, yet very important community resources right next to each other seems to be needlessly inviting problems. Wouldn't it better serve both the elementary school and drug treatment communities to find a more logical and thoughtful place in Camas to set up the treatment center? I believe so.

Thank you very much for your time and consideration of this issue.

Sincerely,
Lara Atalla
Camas Resident

Ms Fox,

Attached are three documents that we'd appreciate being passed along to the hearings examiner regarding Discover Recovery.

1. A recent Dun & Bradstreet financial analysis of Discover Recovery
2. A petition of 1429 signatures recommending Discover to find a more amenable location.
3. A petition of 51 parents with children in Dorothy Fox who will either move, transfer or seek alternative education options should the CUP be initiated.

Please confirm receipt of this email.

Thx,
