Hi,

I am a student at Union High School. Because our home is so close to Union there is no school bus. Students from our neighborhood often walk to and from school. If you allow a gas station to be built, we will have to walk past a gas station on the way to school.

My sister used to work at the Nothing Bundt Place on 164th Avenue, next to the 7-11 gas station and convenience store. It is so bad with the type of people who hang out there, that it takes 2 people to go together to take out the trash, because it is not safe.

How can the kids from my neighborhood get to school safely once this gas station is built?
