Hello, we live on NW 14th Ave directly kitty corner from the proposed gas station development. I have a soon to be kindergartner and soon to be 3rd grader who I walk to school on a daily basis. There is already an enormous traffic and safety problem with the cars from school drop off/pick up and work commuters. There have been many many times when myself and my small children have almost been ran over by someone not looking before turning or rushing through the crosswalks. The thought of the traffic increasing and staying consistent throughout the day is nothing short of terrifying. With such a high traffic business directly across from a grade school I worry about children who aren't able to have parental supervision walking to and from school. Or to the park to play or participate in sports. This is a terrible place to put a business block like the one proposed. The safety of our children and families living in this community should be first priority. This is absolutely the wrong use for this land. Please consider the small children and their safety and say no to this proposal for a gas station/car wash/coffee drive thru business.

Thank you,

Myranda Mattson, mother of 2 Prune Hill Elementary children
