Camas Administrator, Mayor Hogan and my Council Member, Bonnie Carter:

I am writing to you in regards of the proposed gas station that is 300 feet from the Prune Hill Elementary school cafeteria. I am vehemently opposed to this rezoning for the safety of students, staff and families.

I do realize that this is zoned community commercial and you understand development happening here, the proposed types of development do not enhance the community nor are services you as community members would utilize. During school hours this will be dangerous, as well as before and after school. It is an accident waiting to happen.

What I am most upset with is how this has been handled. I was only made aware of this last night, too late for the meeting. Then, I found out that this has been 'rammed' through the process without stakeholders being allowed to express their opinions or concerns.

So, I would like to express my opinion that this gas station/convenience store is not welcomed at that location and I am vehemently opposed to it (I will spare you the science on why it should not be placed there because I know my fellow Camas residents have already given that to you).
