Dear Council,

Please uphold our current city ordinance 8.72 by stating your agreement at the April 17 meeting.

The intent of this ordinance is clear, any attempt to call it vague will not be tolerated by the majority of your voters.

Measure D and Measure L are not in conflict with one another. Measure D was about whether we want the rail/trail and measure L was about WHERE that trail should be located in Capitola.

Thank you,

Gayle Ortiz
