**Subject:** Park Ave corridor

Hello:

My name is Howard Egan, a Cliffwood Heights resident.

I am currently watching the Feb 13 city council meeting regarding the Rail Trail and Traffic calming on Park Ave. I was pleased to see such a great solution being put forth. However, I must say I STRONGLY support option B NOT option A as the staff recommends. I ride my bike on Park Avenue several times a week westbound and I would not ever use the "old" bike lane in the presence of a new safer multi-use path on the south side of Park Avenue.

I urge the city council to only support option B.

Howard Egan
