As I'm unable to make the meeting on Thursday, I'm sending in my thoughts today.

I'm highly in favor of using this space on Monterey Ave. as a dog park! As a Capitola City resident and dog owner, it's a win win! Dogs are not allowed on the wharf or beach. And they are not allowed at parks off leash. Nobel Gulch is a fantastic location for a small dog park. There is minimal neighborhood impact as only four/five property lines are impacted. The noise from a dog park should not add to noise already heard by these neighbors from the schools students walking by before/after school, as well as the traffic from Monterey Ave.

To minimize impact to neighbors the entry to said dog park should be facing Monterey Ave(not Bay-since theres a neighbor right there.) and there should be an earlier than sunset closing for the dog park.

A few neighbors and I had conversation about this exact idea but had only made a few inquiries to the city. This is a great location, low impact, FANTASTIC idea! And we'd use it daily if implemented!

Thank you for your consideration!

Rio the Golden and his family~
