Subject: Susan Westman is an excellent candidate for City Council

Dear Councillors,

I would urge you all to consider Susan Westman for City Council as an excellent replacement for Alexander Petersen. She has been an active member of our community for many years, always in a most positive way. I remember when she was running the "Friends of Capitola" group which brought people together in a positive way to build friendship and community. Just as Jerry Jensen ran his "Acts of Random Kindness", these actions serve as reminders of where good leadership starts.

Thanks,

Peter Emanuel
Capitola Resident and Voter
