Subject: Susan Westman for City Council

Dear City Council Members,

Please strongly consider appointing Susan Westman to the council's open position. I've connected with her on a variety of community initiatives and issues and have witnessed her deep commitment to the variety of people who reside in Capitola. Her previous experience working for the City of Capitola makes her the most qualified candidate, in addition to her open minded views on the future of the City.

Kindly,
Christie Donaldson
4725 Opal St.
