Hello,

Attached is a letter of recommendation for Narendra Dev applying for a position on the City Council. I think Narendra would be an addition to the city government and support his candidacy.

Thanks, and please call if you have any questions.

To whom it may concern,

This is Gary Cohen, resident at 4820 Opal Cliff Drive in Capitola. I have lived in Capitola since 2011 and consider this area a little slice of heaven on the coast.

Narendra Dev moved into our building in October of 2024 and has been an active member of our building community since then. He has been a good neighbor in the building and was very considerate to all his neighbors during a remodel project to his apartment. He has been involved in condo board activities, but is not yet a member of the board.

I believe his organizational skills and focus will be an asset to the City Council and he can contribute to efficient city decision making. He is easy to get along with, and can work well with others. I recommend him for the City Council seat and would vote for him in a future election.

Thank you for your hard work for the city,

Gary Cohen
