Subject: Fresh Eyes bring Fresh Solutions (Open Seat on City Council)

Council Members,

My friend Naren has immersed themselves into the Capitola community faster than just about anybody I've ever seen, and I applaud him for reaching for the highest rung: being on the city council.

I'm glad to see someone who's tossed their hat in the ring, before becoming part of any political faction of Capitola.

Naren will bring passion, clarity and dedication, and I would welcome Naren on our city council.
