**Subject:** No, they have a much better way to raise cash!

It's perpetrated on careful drivers by a hidden "No right turn 10 am, etc.", at Clares St. from 41st Ave westbound:

There is a sign stating the restriction up a phone pole on the right, far from where a safe driver would look before turning, not at eye level nor in front of the driver, where the automatic camera snaps a photo of driver and license plate. This cost us \$230 in an outrageous trap for those who otherwise make a perfectly legal and safe right turn. We know that many others have suffered this indignity and don't have the time or energy to fight it.

ARTHUR DOVER, WATSONVILLE
