To PLANNING COMMISSION <planningcommission@ci.capitola.ca.us>

Dear Members of the Capitola Planning Commission, I write this letter in support of the proposed Tesla Dealership that will be located in Kings Plaza on 41st Avenue.

Tesla is a leader in electric vehicles, zero-emission technology and renewable energy. Tesla makes a great car and many who live in Santa Cruz County drive Teslas. Why should this tax revenue go out of our county?

This project will replace an empty building that the Ow Family has been trying to lease for two and one-half years. The retail tenants who used to lease spaces like this are not leasing anymore. The creative solution is a Tesla Dealership.

I hate what Elon Musk did to our federal government as much as the next person, but thankfully he is not involved in our federal government anymore.

Please approve this project that will serve the needs of local Tesla drivers and bring new jobs and revenue to the City of Capitola and the County of Santa Cruz.

Sincerely yours, Gail Michaelis-Ow 40 Rocky Road Santa Cruz CA. 95060 (831) 247-3888
