To PLANNING COMMISSION <planningcommission@ci.capitola.ca.us>

Dear Planning Commission,

I'm writing to show my support for the proposed Tesla dealership and service center located at the Kings Plaza Shopping Center. When I heard about this project it got me really excited about the possibilities. I have lived in Santa Cruz for 9 years now and really love the community and everything this city has to offer. Having a dealership and service center like this would really elevate the area, driving much-needed revenue, tax dollars, and jobs there. I personally have owned two Teslas, as have my dad and many of my neighbors here in town. This has often been a topic of discussion between us: how we all wished there was a closer place to service our cars. Having a dealership at Kings Plaza would provide a closer location for the many owners here to service their cars and keep all of that revenue local.

Thank you for your consideration,
Stephen Green
