City Council,

Please uphold the will of the voters and Measure L by keeping the trail on the existing rail corridor. Doing anything other than that will degrade safety, increase congestion, and take away from the charm and character of our city. If the RTC is willing to spend million of dollars on the rail, it only makes sense to make a trail that everyone can safely use and enjoy. Putting bikes on the road completely defeats the whole idea behind the trail system Capitola residents voted for.

Do the right thing: uphold Measure L!
