Subject: McGregor Pump track

Hi,

My name is Kyle Josephson and I'm currently a resident in Capitola.

I'm writing to express my concern about the current condition of the McGregor pump track after these past winter storms. The track itself is in need of repairs and is currently not being used to its full potential.

In addition, it would be great to see a long term plan put in place for maintenance. A simple solution could be asphaltting the surface. This would provide a consistent, maintenance free riding surface and also open the track to other users than cyclist (skateboards, scooters, etc..).

Looking forward to seeing how the city of Capitola repairs and improves this wonderful part of our community.

Sincerely,
Kyle Josephson
