Mayor Clark and City Council,

In the motion made on 2/13, council member Morgan commented on the tough position the RTC has put you in. It appears that your staff is adding to that tough position for you.

The staff recommendation in Item 8A to add a final decision on the park avenue alignment to the 4/17 city council meeting and links to the 2/13 staff report really surprised me.

If you don't like the answer, just try again?

Why is City Staff putting the city council in a position to violate their oath of office?

The City needs to follow the law or change it.

The town hall could be helpfull, but any notion that it is a precursor to an agenda item to take action in violation of the law should be removed.
