Subject: Agenda Item 8B tonight

To City Council, Capitola:

I am writing this to you on behalf of all of the children who live within the Soquel Union Elementary School District (SUESD). It seems that some of them are unable to join Junior Guards because there are children from outside the SUESD boundaries who are taking the available spots.

I have heard it is a software problem but it seems that requiring a PG&E bill or another showing proof of residence would solve the problem. Surely, a "software problem" can be overcome.

I urge you to allow ALL residents to be prioritized over any non-residents, returning or not.

Sincerely,

Sandra Wallace
