Subject: Bay/Hill Safety

Council Members,

This Bay/Hill configuration was not properly thought out... what may have looked great on paper wasn't the case once set in motion. The accident history does not warrant these changes and the new plan has only increased the congestion which in turn will only create additional accidents, as we who drive this way everyday see people who don't want to sit in the long, long, long lines so they duck into Nob Hill and or turn around in the middle of traffic to go another way. Unfortunately YOU have created and are responsible for these crazy drivers and near misses.

Please restore the Bay/Hill configuration back to what it was...a two lane stop and go, thru traffic, no congestion street!!

Sincerely
Tamara Lopez...proud Capitola resident
