Subject: Eliminate traffic change on Bay St

Dear Capitola City Council,

Please restore Bay Ave. back to two lanes in both directions going through the Dairy Queen Nob Hill intersection.

The reduction in lanes has created a traffic nightmare for my family trying to pick up kids at both New Brighton and Soquel Elementary. We need to balance public safety and common sense. Creating bottlenecks and traffic jams do slow traffic. But in a city that's already gridlocked by structural problems we don't need unnecessary city created traffic messes as well.
