I'm writing in favor of allowing Boat & Bait to continue renting small fishing boats off the wharf. We enjoyed being able to tootle around the bay enjoying the area from the ocean. I would be greatly disappointed if the boats off the pier were no longer available. They were reasonably priced too. My husband would drive and turn off the little motor and I would row, it's a blast. We loved being out in the ocean. This is the only place where we could do this. Please, I urge you to allow the boat rental place to remain on the pier.

To Thine Own Self Be True  
Sincerely,  
Jan Mehl & Bonnie
