Dear Councilmembers,

I urge the Council to dismiss the complaint against Councilmember Orbach on September 25.

Sincerely, Local Resident

There is no room for the cowardice intimidation methods of those persuading & threatening council members.

If people cannot recognize they are all equally valued as 1 vote per person, then they should not be voting in the first place.

When people feel they can impact a scenario through intimidation, they are acting against the process.

If people are afraid that 'what they want' will not happen via voting processes, then they can run for a position and look to have a bigger impact on the scenario.
